Important Information About Your COBRA Continuation Coverage Rights

What is continuation coverage?

Federal law requires that most group health plans (including this Plan) give employees and their families the opportunity to continue their health care coverage when there is a “qualifying event” that would result in a loss of coverage under an employer’s plan. Depending on the type of qualifying event, “qualified beneficiaries” can include the employee covered under the group health plan, the covered employee’s spouse, and the dependent children of the covered employee.

Continuation coverage is the same coverage that the Plan gives to other participants or beneficiaries under the Plan who are not receiving continuation coverage. Each qualified beneficiary who elects continuation coverage will have the same rights under the Plan as other participants or beneficiaries covered under the Plan.

How long will continuation coverage last?

In the case of a loss of coverage due to end of employment or reduction in hours of employment, coverage generally may be continued only for up to a total of 18 months. In the case of losses of coverage due to an employee’s death, divorce or legal separation, the employee’s becoming entitled to Medicare benefits or a dependent child ceasing to be a dependent under the terms of the plan, coverage may be continued for up to a total of 36 months. When the qualifying event is the end of employment or reduction of the employee’s hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. This notice shows the maximum period of continuation coverage available to the qualified beneficiaries.

Continuation coverage will be terminated before the end of the maximum period if:

- any required premium is not paid in full on time,
- a qualified beneficiary first becomes covered, after electing continuation coverage, under another group health plan that does not impose any preexisting condition exclusion for a preexisting condition of the qualified beneficiary,
- a qualified beneficiary first becomes entitled to Medicare benefits (under Part A, Part B, or both) after electing continuation coverage, or
- the employer ceases to provide any group health plan for its employees.

Continuation coverage may also be terminated for any reason the Plan would terminate coverage of a participant or beneficiary not receiving continuation coverage (such as fraud).

How can you extend the length of COBRA continuation coverage?

If you elect continuation coverage, an extension of the maximum period of coverage may be available if a qualified beneficiary is disabled or a second qualifying event occurs. You must notify the Tarrant Appraisal District COBRA Administrator of a disability or a second qualifying event in order to extend the period of continuation coverage. Failure to provide notice of a disability or second qualifying event may affect the right to extend the period of continuation coverage.

Disability

An 11-month extension of coverage may be available if any of the qualified beneficiaries is determined under the Social Security Act (SSA) to be disabled. The disability has to have started at some time on or before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. A copy of the SSA determination letter must be received by Janet Akers, Tarrant Appraisal District, 2500 Handley-Ederville Road, Fort Worth, TX, 76118 before the end of the 18 month period of continuation coverage. Each qualified beneficiary who has elected continuation coverage will be entitled to the 11-month disability extension if one of them qualifies. If the qualified beneficiary
is determined to no longer be disabled under the SSA, you must notify the Plan of that fact within 30 days after SSA’s determination.

Second Qualifying Event
An 18-month extension of coverage will be available to spouses and dependent children who elect continuation coverage if a second qualifying event occurs during the first 18 months of continuation coverage. The maximum amount of continuation coverage available when a second qualifying event occurs is 36 months. Such second qualifying events may include the death of a covered employee, divorce or legal separation from the covered employee, the covered employee’s becoming entitled to Medicare benefits (under Part A, Part B, or both), or a dependent child’s ceasing to be eligible for coverage as a dependent under the Plan. These events can be a second qualifying event only if they would have caused the qualified beneficiary to lose coverage under the Plan if the first qualifying event had not occurred. You must notify the Plan within 60 days after a second qualifying event occurs if you want to extend your continuation coverage.

How can you elect COBRA continuation coverage?
To elect continuation coverage, you must complete the Election Form and furnish it according to the directions on the form. Each qualified beneficiary has a separate right to elect continuation coverage. For example, the employee’s spouse may elect continuation coverage even if the employee does not. Continuation coverage may be elected for only one, several, or for all dependent children who are qualified beneficiaries. A parent may elect to continue coverage on behalf of any dependent children. The employee or the employee's spouse can elect continuation coverage on behalf of all of the qualified beneficiaries.

In considering whether to elect continuation coverage, you should take into account that a failure to continue your group health coverage will affect your future rights under federal law. First, you can lose the right to avoid having preexisting condition exclusions applied to you by other group health plans if you have a 63-day gap in health coverage, and election of continuation coverage may help prevent such a gap. Second, you will lose the guaranteed right to purchase individual health coverage that does not impose a preexisting condition exclusion if you do not elect continuation coverage for the maximum time available to you. Finally, you should take into account that you have special enrollment rights under federal law. You have the right to request special enrollment in another group health plan for which you are otherwise eligible (such as a plan sponsored by your spouse’s employer) within 30 days after your group health coverage ends because of the qualifying event listed above. You will also have the same special enrollment right at the end of continuation coverage if you get continuation coverage for the maximum time available to you.

How much does COBRA continuation coverage cost?
Generally, each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount a qualified beneficiary may be required to pay may not exceed 102 percent (or, in the case of an extension of continuation coverage due to a disability, 150 percent) of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated plan participant or beneficiary who is not receiving continuation coverage. The required payment for each continuation coverage period for each option is described in this notice.

The Trade Act of 2002 created a tax credit for certain individuals who become eligible for trade adjustment assistance and for certain retired employees who are receiving pension payments from the Pension Benefit Guaranty Corporation (PBGC). Under the tax provisions, eligible individuals can either take a tax credit or get advance payment of 65% of premiums paid for qualified health insurance, including continuation coverage. ARRA made several amendments to these provisions, including an increase in the amount of the credit to 80% of premiums for coverage before January 1, 2011 and temporary extensions of the maximum period of COBRA continuation coverage for PBGC recipients (covered employees who have a non-forfeitable right to a benefit any portion of which is to be paid by the PBGC) and TAA-eligible individuals.
When and how must payment for COBRA continuation coverage be made?

*Initial payment for continuation coverage*
If you elect continuation coverage, you do not have to send any payment with the Election Form. However, you must make your initial payment for continuation coverage not later than 45 days after the date of your election. Coverage is reinstated when payment is received. If you do not make your initial payment for continuation coverage in full not later than 45 days after the date of your election, you will lose all continuation coverage rights under the Plan. You are responsible for making sure that the amount of your initial payment is correct. You may contact Janet Akers, Tarrant Appraisal District, 2500 Handley-Ederville Road, Fort Worth, TX, 76118 817-595-6010 to confirm the correct amount of your initial payment or to discuss payment issues related to the ARRA premium reduction.

*Periodic payments for continuation coverage*
After you make your initial payment for continuation coverage, you will be required to make periodic payments for each subsequent coverage period. The amount due for each coverage period for each qualified beneficiary is shown in this notice. The periodic payments can be made on a monthly basis. Under the Plan, each of these periodic payments for continuation coverage is due on the first day of the month for that coverage period. If you make a periodic payment on or before the first day of the coverage period to which it applies, your coverage under the Plan will continue for that coverage period without any break. The Plan will not send periodic notices of payments due for these coverage periods.

*Grace periods for periodic payments*
Although periodic payments are due on the dates shown above, you will be given a grace period of 30 days after the first day of the coverage period to make each periodic payment. Your continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment.

If you fail to make a periodic payment before the end of the grace period for that coverage period, you will lose all rights to continuation coverage under the Plan.

Your first payment and all periodic payments for continuation coverage should be sent to: Janet Akers, Tarrant Appraisal District, 2500 Handley-Ederville Road, Fort Worth, TX, 76118. Your personal check, cashier's check or money order should be made out to “Tarrant Appraisal District”.

Subject: First Day of Hearings

Mr. Craig,

I will not belabor the point, but yesterday everything went very well; even in the midst of what some would have viewed a major crisis.

Mr. Hendry was calm; had his staff moving smoothly, along with adjusting on the fly and all the time without drama. You did well tapping Mr. Hendry for the job.

The TAD appraisers were professional and used the tools at hand.

We ran ten panels. One of our ARB members was on standby in the event someone did not show; one didn’t and he was replaced within an hour. The ARB members stayed late because we had a sudden rush of people at the end of the day. One panel got out at nearly 6:00 or maybe later. Still, there was not one complaint from our members. The majority of the new members observed without pay because they wanted a head-start; a promising group.

There were a few upset protestors but those that I talked with left with a handshake and a thank you (I am not saying everyone left happy, that is the nature of the beast).

We leaned some things that we are investigating for the future that could drastically speed things up from the "way its always been done."

It was a pleasant day and people had smiles on their faces. I look forward to more of the same.

Student Team Finishes First in Statewide Competition

April 22, 2013—A team of UT Arlington graduate students in the Master of Science in Real Estate (MSRE) program came away with a first-place finish at the 2013 Texas Shoot-Out, a case study competition sponsored by the North Texas chapter of NAIOP, the association for commercial real estate development. UTA was the unanimous winner among judges, beating teams from SMU, Texas Tech, and Texas A&M.

The annual competition challenges student teams from universities across Texas to submit revitalization and development plans based involving a local real estate-oriented issue. In 2012, UTA placed third in the competition.

This year, the Texas Shoot-Out case highlighted the proposed Dallas Midtown development in North Dallas. A panel of judges graded the plans based on how effectively each team evaluated and resolved the case’s development issues including assessment of community needs, economic base, functional design, aesthetics, risk mitigation, and financial analysis.

The UT Arlington student team consisted of Ellen Boyer, Brent Card, Lonnie Hendry, Eddie Munoz, and Steve Prochnow. “We had great team chemistry and were singularly focused on winning the competition,” says the team’s captain Lonnie Hendry. “The MSRE program’s experiential approach gave us a competitive advantage. Through relevant site visits and field studies, we’ve learned firsthand from developers, property owners, and financial services how to apply our real estate knowledge to a real-world development scenario. It was an honor to represent our university and bring the NAIOP Texas Shoot-Out trophy home to UTA.”

The team, presenting as UT Maverick Development, proposed the redevelopment of the declining Valley View Center site near the Galleria in North Dallas. The team’s Dallas Midtown concept incorporated a sustainable, pedestrian-friendly design with signature architecture and a mix of high-quality office space, retail, and multifamily housing that will complement and enhance the nearby Galleria rather than compete with it. Download the UT Maverick Development team case.

In recognition of the team’s winning case, UT Maverick Development presented to the North Texas Chapter of the NAIOP on April 19. Each student on the UTA team will also receive a scholarship award from NAIOP.

“The NAIOP competition is an excellent exercise for our students to apply their knowledge and analytical skills in real estate to an actual redevelopment challenge in the North Texas region,” says Fred Forgey, Executive Director of Graduate Real Estate Programs. “The team’s concept and strategies were outstanding. They confirmed the strength of our program to the region’s commercial real estate community.”

The Master of Science in Real Estate is a 36-hour cohort-based program designed to accommodate working professionals and offered at UT Arlington’s Fort Worth Center.

Jeff,

After a brief follow-up conversation regarding other personnel scenarios, it remains my desire to offer Lonnie Hendry a promotion to Commercial Appraiser Analyst. Lonnie has demonstrated his exceptional understanding of the commercial appraisal process and already assumed a leadership role among his peers. I would like reward his outstanding work with this promotion as soon as possible.

Thank you.

Jeff,

Just curious as to whether there has been any more discussions about Lonnie Hendry. If there are delays in other scenarios, I would definitely like to move him to an analyst as soon as possible.

Lonnie had the opportunity to demonstrate his value to our department this week in front of Jeff Law regarding a high profile commercial property. Once again he showed me, and I believe Jeff as well, that he is without a doubt one of our best assets in this department.

Please let me know when I can make this move.

Thanks
David

Jeff,

On November 6th, 2012, I sent you an email regarding promotions for several very capable staff members in the Commercial Department. I am very appreciative of the response from Administration and so are several staff members. I only asked for those who I truly believe are deserving and those we can feel comfortable investing our future in.

At that same time I also mentioned another appraiser with these comments:

Jeff,

On November 6th, 2012, I sent you an email regarding promotions for several very capable staff members in the Commercial Department. I am very appreciative of the response from Administration and so are several staff members. I only asked for those who I truly believe are deserving and those we can feel comfortable investing our future in.

At that same time I also mentioned another appraiser with these comments:

There is one more individual who has exceeded our expectations in the Commercial department. Lonnie Hendry came to us from Residential and has set new standards for many of our staff. He had a very short learning curve and has embraced every challenge we threw at him from day one. I have seriously struggled with promoting some of the previously mentioned staff members above him. Although his tenure with TAD is longer, in each case those individuals have more time and experience in the “commercial” department. For that reason and only that reason I am waiting. In the first quarter of 2013 we will see and additional opening of an Analyst with the retirement of Glen Land. You can expect that I will ask very soon after that to recognize Lonnie’s contribution to this section.

We have laterally moved Missy McAlister-Kerr into Glen’s position. This leaves a physical spot open in the commercial area and an open Analyst in the budget. I would like to fill the open spot sooner than later with a new Valuation Tech. I would like to give Lonnie Hendry the Analyst position now. Over the last three months Lonnie has only reinforced my opinion that his knowledge, commitment and value to TAD is equal to, or in several cases, exceeds that of longer tenured staff.

Through his graduate studies he has developed a very thorough understanding of real estate finance. He has brought more knowledge to the table in appraising apartments than we have seen since Tammy Wood assumed that responsibility several years ago. His attitude, countenance, presentation and overall skill set has challenged his co-workers. He is more than ready for an analyst position.

On a larger scale, I believe Lonnie is destined for even more opportunity at TAD. After leaving the district for a short time to work for a tax agent, Lonnie has had several discussions with me about that decision. I truly believe that he wants to make TAD a long term career. He has shared personal conversations with me about his family and his goals. I can say, without a doubt, that he is a man with the character and moral compass that TAD would be proud to have in even higher leadership rolls. I strongly recommend that we do everything we can to move him forward in this organization.

Based on your recommendation, Lonnie has been promoted to Commercial Property Appraiser/Analyst effective 04/01/2013. His new salary will be $60,548.80 and his new **reduced** auto allowance will be $5,800 annually. A $2,100.00 one-time equity adjustment has been added to the base salary. This is a 5% increase. The base salary reflects an almost 8.8% increase, but the auto allowance has obviously been reduced by 26%. Net increase is 4.2% (not a perfect world, but the one we live in) He will benefit in the higher base salary on future increases and if the auto allowance is ever changed will be eligible for any increase going forward.

TARRANT APPRAISAL DISTRICT
STATEMENT CONCERNING YOUR EMPLOYMENT IN A JOB NOT COVERED BY SOCIAL SECURITY

Employee Name: LONNIE HENDRY Jr. TCDRS Employee ID #: [Redacted]

Employer Name: Tarrant Appraisal District TCDRS Employer ID #: 607

Your earnings from this job are not covered under Social Security. When you retire, or if you become disabled, you may receive a pension based on earnings from this job. If you do, and you are also entitled to a benefit from Social Security based on either your own work or the work of your husband or wife, or former husband or wife, your pension may affect the amount of the Social Security benefit you receive. Your Medicare benefits, however, will not be affected. Under the Social Security law, there two ways your Social Security benefit amount may be affected.

Windfall Elimination Provision
Under the Windfall Elimination Provision, your Social Security retirement or disability benefit is figured using a modified formula when you are also entitled to a pension from a job where you did not pay Social Security tax. As a result, you will receive a lower Social Security benefit than if you were not entitled to a pension from this job. For example, if you are age 62 in 2005, the maximum monthly reduction in your Social Security benefit as a result of this provision is $313.50. This amount is updated annually. This provision reduces, but does not totally eliminate, your Social Security benefit. For additional information, please refer to the Social Security publication, “Windfall Elimination Provision.”

Government Pension Offset Provision
Under the Government Pension Offset Provision, any Social Security spouse or widow(er) benefit to which you become entitled will be offset if you also receive a federal, state or local government pension based on work where you did not pay Social Security tax. The offset reduces the amount of your Social Security spouse or widow(er) benefit by two-thirds of the amount of your pension.

For example, if you get a monthly pension of $600.00 based on earnings that are not covered under Social Security, two-thirds of that amount, $400.00, is used to offset your Social Security spouse or widow(er) benefit. If you are eligible for a $500.00 widow(er) benefit, you will receive $100.00 per month from Social Security, $500.00 - $400.00 = $100.00. Even if your pension is high enough to totally offset your spouse or widow(er) Social Security benefit, you are still eligible for Medicare at age 65. For additional information, please refer to the Social Security publication, “Government Pension Offset.”

For More Information
Social Security publications and additional information, including information about exceptions to each provision, are available at www.socialsecurity.gov. You may also call toll-free 1-800-772-1213, or, for the deaf or hard of hearing, call the TTY number 1-800-325-0778, or contact your local Social Security office.

I certify that I have received Form SSA-1945 that contains information about the possible effects of the Windfall Elimination Provision and the Government Pension Offset Provision on my potential future social security benefits.

To avoid conflicts of interest and/or other potential problems associated with your new position with the Tarrant Appraisal District, TAD Personnel Policies stipulate that pre-approval must be obtained to either continue and/or accept any “outside” or non-TAD second jobs. This extends, but is not limited to, part-time, seasonal, and commission or fee-based work, self-employment, and other arrangements which result, or might result, in income for the involved TAD employee. In the spaces below, please indicate whether or not you have such a second income-producing job (or jobs) and, if so, if you wish to seek approval to continue with it (them).

☐ No, I don’t have a second job or jobs, so this does not apply to me at this time.

Dear Mr. Hendry,

I wish to compliment you and two members of your staff, Vera Pope and Carla Vasquez. Today, I was in your area participating in the Property Tax Protest hearings.

I arrived 2 hours earlier than my appointed time and was greeted by Carla. She had a warm, welcoming smile on her face and she encouraged me to sign in even though my appointment was later. She felt that I would be seen earlier. I did as she suggested and began to “people watch.” I continued to watch Carla and she never missed a beat. She always asked if she could help, and always acted professional, regardless of the interruption, the hard of hearing senior citizen, or the angry homeowner whose protest wasn’t allowed made their way to her area.

I was impressed with the patience being displayed at the reception area. Mr. Hendry, you also made a favorable impression on me. You were courteous and quick to flash a smile to nervous homeowners waiting for their turn with the panel. I admired how you could ease their tension by letting them know you would move them to another panel so they wouldn’t wait as long. You made the homeowner smile when you had a difficult name to pronounce and would choose to use their address rather than mispronounce their difficult last name.

I was particularly impressed with one young lady. Vera Pope stood with a senior citizen for 20 minutes while he rambled on about the neighbors being able to look into his backyard and that code enforcement had to get after him to clear out a shed. She stayed there out of respect and I think she made the elderly gentlemen feel better when she told him that she drove by his house on her way home from work, and that she would take a look at his backyard. When he left, I walked over to congratulate Vera on “going beyond the call of duty.” She could have easily done the wrong thing. She chose differently.

I am in the people business. I make my living helping people with their finances. When I see quality service I try to recognize those that deserve it. The 3 of you mentioned above are worthy of commendation.

You have a difficult profession and your clientele doesn’t always leave pleased, especially during protest time. However, my little wait demonstrated that there are civil servants who understand the meaning of “customer service.” I’ll see you again, probably in the next few weeks.
year. It's comforting knowing that I'll be treated professionally by a group that cares about people. Thank you for your service.

Respectfully,

Your earnings from this job are not covered under Social Security. When you retire, or if you become disabled, you may receive a pension based on earnings from this job. If you do, and you are also entitled to a benefit from Social Security based on either your own work or the work of your husband or wife, or former husband or wife, your pension may affect the amount of the Social Security benefit you receive. Your Medicare benefits, however, will not be affected. Under the Social Security law, there are two ways your Social Security benefit amount may be affected.

Windfall Elimination Provision
Under the Windfall Elimination Provision, your Social Security retirement or disability benefit is figured using a modified formula when you are also entitled to a pension from a job where you did not pay Social Security tax. As a result, you will receive a lower Social Security benefit than if you were not entitled to a pension from this job. For example, if you are age 62 in 2005, the maximum monthly reduction in your Social Security benefit as a result of this provision is $313.50. This amount is updated annually. This provision reduces, but does not totally eliminate, your Social Security benefit. For additional information, please refer to the Social Security publication, "Windfall Elimination Provision."

Government Pension Offset Provision
Under the Government Pension Offset Provision, any Social Security spouse or widow(er) benefit to which you become entitled will be offset if you also receive a federal, state or local government pension based on work where you did not pay Social Security tax. The offset reduces the amount of your Social Security spouse or widow(er) benefit by two-thirds of the amount of your pension.

For example, if you get a monthly pension of $600.00 based on earnings that are not covered under Social Security, two-thirds of that amount, $400.00, is used to offset your Social Security spouse or widow(er) benefit. If you are eligible for a $500.00 widow(er) benefit, you will receive $100.00 per month from Social Security, $500.00 - $400.00 = $100.00. Even if your pension is high enough to totally offset your spouse or widow(er) Social Security benefit, you are still eligible for Medicare at age 65. For additional information, please refer to the Social Security publication, "Government Pension Offset."

For More Information
Social Security publications and additional information, including information about exceptions to each provision, are available at www.socialsecurity.gov. You may also call toll-free 1-800-772-1213, or, for the deaf or hard of hearing, call the TTY number 1-800-325-0778, or contact your local Social Security office.

I certify that I have received Form SSA-1945 that contains information about the possible effects of the Windfall Elimination Provision and the Government Pension Offset Provision on my potential future social security benefits.

Such personal use must not interrupt or impede the work of others, disrupt TAD business, or cause an undue burden on, or in any way damage, TAD information technology resources. At the Chief Appraiser’s discretion, TAD employee personal use of the aforementioned e-mail, Internet, and personal computers may be discontinued, with or without cause. In no case, whether entailing limited personal usage or use by any defined user, should there be any expectation of privacy. Electronic files or messages may, as a matter of fact, be considered TAD records, and, as a consequence, may be subject to public disclosure under the Texas Public Records Act.

Though not an all-inclusive listing, the following activities are prohibited in all cases:

- Using and/or installing any software not owned or licensed and installed by TAD;

• Intentionally or carelessly performing acts which overload a computer or network to the extent that other users suffer with reduced or denied access or diminished functionality;
• Interfering with, disrupting, and/or infecting TAD computers, computer systems, networks, and related services with viruses, worms, or other destructive codes;
• Negligently or intentionally revealing a user’s password or otherwise permitting others to use one’s computer and/or network access without proper pre-authorization;

• Failing to discontinue activities which are, or have the potential to, hinder or damage computer, computer system, and/or network operations when requested to do so by proper authority;
• Illegal or unauthorized use of trade secrets, trademarks, and patented materials; and
• Other prohibitions and restrictions which are deemed reasonable and appropriate, consistent with above policy statement, and set forth in writing by the Chief Appraiser.

Users will be furnished copies of and explanations regarding this policy. To document their acceptance and understanding of them, user signature acknowledgements will be obtained.

VIOLATIONS/DISCIPLINE

Violations of this policy may result in disciplinary action, including removal of computer, Internet, and/or e-mail use and, for TAD employees and contract workers, extending to employment or contract termination and possible criminal and/or civil penalties.

To Whom It May Concern:

Greetings. I must enlist your help in curbing a serious personnel problem occurring in the residential appraisal district. It has come to my attention time and time again that Lonnie Hendry, a residential appraiser, has picked and teased and has attempted to initiate fights with co-workers. He must be stopped. His behavior is classic acting out when Lonnie, himself, needs counseling. Please meet with him and guide him to the necessary counsel in order to work through whatever trials that he is experiencing. It isn’t appropriate for him to take out his frustrations on co-workers who may retaliate, and if they do, he reports them to their supervisor. Those employees receive a complaint on their quarterly review. Obvious solutions would be to ignore him, walk away, ask him to stop, and to avoid him. However, he seeks out others to annoy and to torment. He’ll come up, put his arm around you, and say, “What did your mom say when you told her that you were gay.” He’s seeking negative reactions from others. Families at home do not deserve to experience the anger that builds up from Lonnie pester them all day…all week…months at a time…without attention to his problem.

Right now, my complaint is anonymous; however, if a warning from HR isn’t enough to discontinue Lonnie’s inappropriate behavior toward others, then he will be facing a restraining order.

Thank you for your attention to this matter. Without the Human Resource department a company would be inefficient and therefore, ineffective.

Regards,

A Concerned Family Member

Subject: Meeting with Lonnie Hendry

Stu,

I met with Lonnie and Jessie Kalba this morning in Jessie's office to discuss the anonymous complaint letter about Lonnie that you and I discussed yesterday.

In my opinion the meeting went very well. Lonnie responded in a very professional manner in that he said that he understood the seriousness of the allegations and was remorseful about the entire situation. He was very surprised that someone would make such a complaint anonymously and wished that whomever he had offended would have come to him first and allowed him to discuss the situation with them as adults.

Lonnie stated that he is pretty confident that the letter was written by Luke Bolton. Apparently there have been some past conflicts between the two that centered around some "friendly" kidding. Lonnie said that he did not realize that any of his kidding or remarks had been offensive to Luke or to anyone else in the office but that he would certainly make an effort to be more cautious and watch what he said.

I encouraged Lonnie to use this experience as an opportunity to grow personally and professionally and that I expected no form of confrontation or retaliation from him toward anyone about the complaint. He assured us that as far as he was concerned, "it was over" and he just hoped that none of this would be held against him in the future.

Jessie and I closed the meeting by telling Lonnie that he is considered to be a valued employee and our hope is that he will continue to show personal growth that will benefit the Residential Department and TAD.

Dear Randy,

I want to clear up a very unfortunate situation. I happened upon a letter my wife wrote to the head of HR recently that was very critical of Lonnie Hendry. I spoke with Stu yesterday at 5pm, as well as Sheryl. I deserve half of the blame for inappropriate dialogue that may have occurred between Lonnie and me. My wife was only hearing half of the story. She didn’t know this when she wrote the letter, nor did she ask me or tell me she was going to send a letter anonymously to TAD HR.

I did not know she wrote that letter until several days after she wrote it. Please do not hold me accountable for what she wrote.

I have high regard for Lonnie as an individual. His work ethic is incredible, and his knowledge of real estate and willingness to help teammates from any quad makes him a valuable asset to TAD.

With respect,

Acknowledgment of Receipt of Personnel Policies and Procedures

I have received a copy of Tarrant Appraisal District’s (the “TAD”) Personnel Policies and Procedures, which outline the work performance requirements, policies, procedures and benefits. I will familiarize myself with the information in this document, will seek verification or clarification from my supervisor where necessary, and will comply with all policies and requirements.

All employees of the TAD are employees at will, and as such are free to resign with or without notice and with or without reason. Similarly, the TAD may terminate the employment of any employee at any time with or without reason and with or without notice. Employees also may be demoted or disciplined, and the terms and conditions of their employment may be altered at any time, with or without cause, at the discretion of the TAD.

The Personnel Policies and Procedures are not intended to be a contract (express or implied/bilateral or unilateral), nor are they intended to otherwise create any legally enforceable obligations on the part of the TAD or its employees. The Personnel Policies and Procedures do not create a property interest. The Personnel Policies and Procedures supersede and replace all earlier, inconsistent personnel policies, practices, and guidelines.

The information in the Personnel Policies and Procedures is subject to change as situations warrant, with or without notice, and I understand that changes in the policies may supersede, modify, or eliminate the policies summarized in the Personnel Policies and Procedures. Changes are effective upon implementation.

These policies and procedures are provided in writing for the purposes of distribution and convenience for our employees, they will also be maintained in a PDF file format on TAD’s Intranet site. In the event the written version conflicts with the electronic version, the electronic version will overrule any written version any employee may be in possession of. When inconsistencies exist between the two, the electronic version will be relied upon.

Jeff,

As you are aware, the issues regarding staffing in the Commercial Department have changed several times over the last few days as a result of decisions made by potential new employees and coordination with the Residential Department. I apologize for any confusion caused by me or my staff related to these issues but I believe we can now confidently report the following facts.

Lonnie Hendry and Kishma Fransi will be moving to the Commercial Department on Tuesday March 1\textsuperscript{st}. Jason Sinisi will report to work on March 14\textsuperscript{th}. Chase Kirkwood has accepted a position but as of now I do not know his starting date.

It is my understanding that Christine will coordinate any set-up responsibilities from this point forward. Let me know if I need to do anything further.

I have spoken with Kay and Greg this morning. Our other move issues have been resolved.

Thanks
David

"General Comments on Employee Performance"

Lonnie has been a tremendous asset for the Commercial Dept. throughout the edit, informal, and ARB processes. He has worked very hard and represented the District very well in all that he has done. He was readily asked to assume more responsibility and he has performed admirably and efficiently, and has evolved as one of the leaders and primary appraisers amongst the group. Lonnie takes a lot of pride in his work, and it is evident in the appraisal contributions that he has made throughout the year. We know Lonnie will continue to be an excellent asset for the Commercial Dept. and TAD.

"Employee’s Comments about Evaluation" (To be completed by employee prior to discussion)

I feel this is an accurate assessment, and I hope to continue to grow in the areas that were noted fully compliant in hopes of achieving exceeding expectations in all categories in the years to come.

**"General Comments on Employee Performance"**

Lonnie has been a tremendous asset for the Commercial Dept. throughout the sales/income analyses, edit, Informal, and ARB processes. He has worked very hard and represented the District in a most excellent way in all that he has done. He was readily asked to assume more responsibility and he has performed admirably and efficiently, and has been one of the leaders and primary appraisers amongst the group. Lonnie takes a lot of pride in his work, and it is evident in the appraisal contributions that he has made throughout the year. We know Lonnie will continue to be an excellent asset for TAD.

"Overall Evaluation" (Check One)

- ☑ Check Box 1 Outstanding
- ☐ Check Box 1 Significantly Exceeds Expectations
- ☐ Check Box 1 Fully Capable
- ☐ Check Box 1 Needs Improvement
- ☐ Check Box 1 Unsatisfactory

Having been thrown into the new role with limited guidance and a group of folks that were new in many ways, Lonnie exceeded expectations for the amount of change he was able to accomplish in a single year. It may serve him well as his biggest challenges still may lie ahead.

"General Comments on Employee Performance"

Without being repetitious, Lonnie was able to live up to some high expectations set by administration for anybody assuming the role he accepted as the manager of this group. The challenge will be to keep the momentum created during 2014 as we move into 2015. We are well pleased with the results at this juncture, and anticipate great results going forward based on Lonnie’s skills both professionally and personally. Skills in both areas will be required to accomplish the overall changes desired by administration for the ARB operations.

"Employee’s Comments about Evaluation" (To be completed by employee prior to discussion)

I appreciate the praise on my review. I have made a commitment to make the ARB process the best in the state and it is nice to read the kind words contained in my review.
"Employee's Goals for the Coming Year" (To be completed by employee and reviewer during discussion)

Continue my professional development, improve TAP's D&B performance and productivity in 2015 knowing the upcoming challenges, learn new skills and other items necessary to keep progressing in my role at TAP.
