Dear Kyle Carvell,

Please acknowledge receipt of this request by e-mailing me at [ken@theaustinbulldog.org](mailto:ken@theaustinbulldog.org)

Pursuant to the Texas Public Information Act (TPIA), Chapter 552, Texas Government Code, which guarantees the public's access to information in the custody of government agencies, I respectfully request that you promptly ("as soon as possible, under the circumstances, that is, in a reasonable time, without delay") provide me with copies of the following records:

1. A copy, preferably on computer disk (CD) using a pdf format, of all e-mails from the mayor or city council member that were deleted since January 18, 2011, regardless of the date of the original e-mail.
2. For the time period January 1, 2010, through the present date, a copy of the "destruction log" of the Records Liaison Officer of the office of the mayor or any member of the Austin City Council as required by Austin City Code Section 2-11-10(c).

If you need clarification of this request, please e-mail me at [ken@theaustinbulldog.org](mailto:ken@theaustinbulldog.org)

I am represented in this matter by attorney Bill Aleshire of Riggs Aleshire & Ray P.C., who can be reached at 512-457-9838 or e-mail at [Aleshire@R-ALaw.com](mailto:Aleshire@R-ALaw.com). If you need clarification of this request, or if you believe that any of the information I have requested is within an exception to disclosure and you may request a ruling from the Texas Attorney General on that issue, I invite you to contact Mr. Aleshire first, so that I may consider amending my request to avoid any unnecessary ruling request or unintended issue about disclosure.

I agree to pay the reasonable cost of providing this public information as provided by the TPIA. However, since The Austin Bulldog is a 501(c)(3) nonprofit providing the public with information about their city government, I therefore request the city waive all fees and provide responsive documents free of charge pursuant to Section 552.267 of the Texas Public Information Act.

Ken Martin
