EVIDENCE

To preserve your right to present each reason for your protest to the ARB according to law, be sure to select all boxes that apply.
 For example, if you select the first box indicating an incorrect market or appraised value for your property, you are representing that the value is incorrect-usually that the value should be lowered. If you also want to protest that your property is not appraised at the same level as a representative sample of comparable properties appropriately adjusted for condition, size, location and other factors, you must also select the box indicating the value is unequal compared with other properties. Your property may be appraised at its market value, but be unequally appraised. Failure to select the box that corresponds to each reason for your protest may result in your inability to protest an issue that you want to pursue.
