Mayor, City Manager, and Council (BCC'ed):

Attached is a memo that was written by Roger Jefferies, Travis County Executive of Justice Planning, related to Central Booking magistration. It is provided to you as you consider your resolution today in Item 30 related to that topic. This memo was written for the Commissioners Court at the request of several members of our Court responding to questions from several members of the City Council. They requested that it be shared with the full City Council as it contains useful background and policy information to aid you in your deliberation on this resolution.

Please let us know if you have any specific questions.
