

Call recorded on Ed English's answering machine
2:53pm Wednesday October 31, 2012

“This is Mayor Lee Leffingwell, asking you to oppose the blank check signed by Austin taxpayers that’s hidden inside Proposition 3.

“Prop 3 creates a new redistricting commission that could spend millions of tax dollars without any constraints either by city management or by your elected representatives. This money would be spent directly out of our city budget on consultants and lawyers.

“Please don’t give an unelected commission an open checkbook.

“Vote for financial accountability and vote against Prop 3.
