(FACILITIES MANAGEMENT)

June 25, 2020 edition
PROFESSIONAL SERVICES AGREEMENT ("PSA") STATE OF TEXAS §
COUNTY OF TRAVIS §

This Agreement (this “Agreement”) is made and entered into by and between Travis County, Texas, a political subdivision of the State of Texas (“County”) and HDR Architecture, Inc. (“Consultant”) (each a “Party” and, collectively, the “Parties”).

County desires to obtain professional engineering/architectural services for the design of the Women’s Trauma Informed Facility (the “Project”); Consultant has the professional ability and expertise to fulfill the requirements of the Project, and to counsel County in the selection and analysis of cost-effective alternatives.

In consideration of the mutual covenants and agreements set forth in this Agreement, the amount and sufficiency of which are acknowledged, County and Consultant agree as follows:

SECTION 1
EMPLOYMENT OF THE CONSULTANT

1.1 Travis County has designated a primary Project representative to act on behalf of County with respect to the work to be performed under this Agreement (the “County Project Manager”). The County Project Manager, in consultation with the Director of the Travis County Facilities Management Department ("FMD") (the "Director"), has the authority to interpret and define the County’s policies with respect to Consultant’s services. The County Project Manager may designate representatives to transmit instructions and receive information. The County Project Manager will supervise the performance of Consultant’s services under this Agreement. Consultant must cooperate fully with the County Project Manager in the performance of services under this Agreement.

1.2 County is contracting with Consultant as an independent contractor. Consultant shall perform professional engineering/architectural services as described in this Agreement. If any dispute arises under this Agreement, Consultant and the County Project Manager specifically agree to make a good faith effort to resolve the dispute directly between them. If they are unable to resolve the matter to Consultant’s satisfaction, Consultant may appeal the dispute by following the procedures described in Paragraph 11.9 of this Agreement.

1.3 County will provide Consultant convenient access to all existing plans, maps, studies, reports, field notes, statistics, computations, and other data in its possession relating to existing facilities and to the Project. Consultant shall make copies of needed information and promptly return all originals. The cost of such copies will be included in direct costs. Consultant shall return his copies of this material to County upon completion of the Project, if the County Project Manager instructs the Consultant to do so.
1.4 County cannot and does not warrant or guarantee the accuracy of all information that it provides to Consultant. Consultant may rely on professional sealed documents to the extent that the original professional would have been held liable for the information contained in those documents, in accordance with industry standard practice. Information provided in record or as-built documents that is critical to the current design work should be field-verified by Consultant in accordance with his professional judgment. Consultant may rely on other Project information provided by County, such as program data or design criteria, in accordance with industry standards, unless this Agreement provides otherwise.

1.5 If the County Project Manager observes or otherwise becomes aware of any fault or defect in the Work Product, as defined in Section 7, the County Project Manager will give prompt written notice of the fault or defect to Consultant. Consultant shall correct any such fault or defect at no cost to County.

1.6 RESERVED

1.7 Project Management; Key Personnel. Consultant shall provide management for the Project in accordance with the Organizational Chart set forth as Appendix B, attached hereto and made a part hereof. Personnel included in the Organizational Chart shall be considered “Key Personnel” for purposes of this Project. Except in the event that the Key Personnel individual is no longer employed by (or otherwise under the direction and control of) Consultant, none of the Key Personnel may be withdrawn from the Project without County’s prior written approval; provided, however, Consultant shall have the right to change Key Personnel if Consultant complies with the following conditions: (1) Consultant provides County with at least fifteen (15) business days prior written notice that Consultant intends to replace a Key Personnel individual; (2) the notice is accompanied by a copy of the resume of any proposed replacement Key Personnel, together with documentation demonstrating that the proposed replacement has equal or greater experience and qualifications than the original Key Personnel individual; and (3) Consultant permits County to interview the proposed replacement Key Personnel individual for the purpose of satisfying itself that the proposed replacement is acceptable. County will notify Consultant within seven (7) days of conducting the interview of any objection to the proposed replacement, and will either request additional assurances regarding the proposed replacement or require Consultant to submit the name and qualifications of another replacement Key Personnel individual. Such process will continue until Consultant proposes a replacement Key Personnel individual acceptable to County. County agrees not to unreasonably withhold such acceptance. In the event a Key Personnel individual leaves the employment of Consultant unexpectedly and without advance notice, Consultant will immediately notify County upon learning of the departure and will comply with the requirements of this section.

SECTION 2
BASIC SERVICES OF CONSULTANT

2.1 Consultant shall be responsible for the complete design and documentation of the work described or referenced in this Agreement, and shall prepare the Work Product, which must be acceptable
to the County Project Manager. Consultant shall also serve as County’s professional consultant during the Project phases to which this Agreement applies, and shall consult with and give advice to County during the performance of the Project.

2.2 Consultant shall perform the “Basic Services,” which means:

2.2.1 all elements of labor, materials and equipment required for the Project, which must be rendered to the satisfaction of the County Project Manager and the Commissioners Court and in accordance with the requirements, policies, and standard practices of Travis County;

2.2.2 the detailed Scope of Services for the Project as specified in Appendix A, attached to and made a part of this Agreement for all purposes (the “Scope of Services”);

2.2.3 all Project technical and management expertise stated in the Qualifications Statement submitted by Consultant in response to the RFQ attached to this Agreement as Appendix C and made a part of this Agreement for all purposes;

2.2.4 the Work Product, as defined herein, which Consultant shall submit to County for review at regular intervals, as specified in the Project Schedule to be provided by Consultant. The requirements applicable to the Project Schedule are specified in Exhibit 3.

2.3 Consultant shall comply with all applicable codes in performing the Basic Services for the Project. The standards, codes, specifications, or other technical, design or professional requirements that apply to this Project are the latest edition in effect on the date on which this PSA is executed, unless Consultant and County expressly agree otherwise. The applicable codes for this Project include, but are not limited to:

a. International Building Code with City of Austin amendments
b. International Fire Code with City of Austin amendments
c. Uniform Plumbing Code with City of Austin amendments
d. Uniform Mechanical Code with City of Austin amendments
e. International Energy Code with City of Austin amendments
f. National Electrical Code with City of Austin amendments
g. Texas Accessibility Standards
h. Texas Jail Standards
i. Travis County Fire Marshal Regulations and Requirements

2.4 As part of the Basic Services, Consultant shall report to the County any suspected hazardous materials in the areas of proposed construction. Any hazardous materials assessment and abatement work will be provided by County under separate agreement.
SECTION 3
CONSTRUCTION COST

3.1 The construction cost is the total cost to County of all elements of the Project designed or specified by Consultant (the “Construction Cost”). The “Fixed Construction Budget” is a not to be exceeded amount allocated by the County for Project construction.

3.2 The Construction Cost includes the cost, at current market rates, including a reasonable allowance for overhead and profit: (i) of labor, materials and any equipment that the Consultant has designed, specified, selected, or specially provided for Consultant; and (ii) of permitting fees and other fees and charges required by the City of Austin or other governmental authorities. The Construction Cost does not include the compensation of Consultant or other consultants.

3.3 Detailed estimates of the Construction Cost prepared by Consultant represent Consultant’s best judgment as a design professional familiar with the construction industry. It is recognized, however, that neither Consultant nor County has control over the cost of labor, materials, or equipment; over the contractor’s methods of determining bid prices; or over competitive bidding, market, or negotiating conditions.

3.4 Consultant may include contingencies for design, bidding, and price escalation to determine what materials, equipment, component systems, and types of construction are to be included in the Work Product, and may include in the Work Product alternate bids to adjust the Construction Cost to the Fixed Construction Budget.

3.5 If the Bidding Phase (as described in the Scope of Services) has not commenced within six (6) months after Consultant submits the Work Product for that phase to County, Consultant shall adjust the Construction Cost, if directed by County. This adjustment work will be considered an Additional Service, as defined in Section 4, if the delay was not caused by Consultant. The adjusted Construction Cost will reflect any change in the general level of prices in the construction industry between the date of submission of the Work Product and the date on which bids are sought.

3.6 If the Fixed Construction Budget is exceeded by the lowest responsible bid, County may

(1) approve, in writing, an increase in the Fixed Construction Budget;
(2) authorize rebidding of the Project within a reasonable time;
(3) terminate this Agreement and abandon the Project; or
(4) revise the scope of the Project to reduce the Construction Cost.

3.7 If County chooses to proceed under clause 3.6(4), above, Consultant, without additional compensation, shall modify the documents that Consultant is responsible for preparing under the Basic Services portion of this Agreement, as necessary to comply with the fixed limit.

3.8 RESERVED
SECTION 4
COMPENSATION AND PAYMENT SCHEDULE

4.1 In consideration of Consultant’s performance of the Basic Services, Consultant will receive the Basic Services compensation described in Exhibit 1. County will pay the Basic Services compensation in accordance with the payment schedule specified in Exhibit 1.

4.2 For the performance of services not specifically described in the Basic Services (the “Additional Services”), Consultant will receive the Additional Services compensation described in Exhibit 1.

4.3 The County Project Manager will have authority to classify Consultant’s services as “Basic or “Additional” services under this Agreement. The Project Manager may make this classification in consultation with the Director. In the event Consultant disagrees with the classification designated by the County Project Manager (and, if applicable, the Director), and those individuals are unable to resolve the disagreement directly, Consultant may refer the dispute to the Purchasing Agent, who will follow the procedures described in Paragraph 11.9.

SECTION 5
PERIOD OF SERVICE

5.1 Consultant shall perform the professional services described herein, whether “Basic” or “Additional” services, in accordance with the Project Schedule, attached to this Agreement as Exhibit 3. Consultant shall obtain County approval for any proposed modification to the Project Schedule.

5.2 This Agreement will become effective on the Effective Date, as defined on the signature page of this Agreement, and will remain in full force and effect for the period required for the complete design of, construction contract award for, and construction of the Project, including warranty periods and any extensions of time as provided in this Agreement (the “Project Completion Date”), unless sooner terminated as provided for in this Agreement. Time is of the essence in the completion of this Agreement.

5.3 If the performance by Consultant or County of either Party’s obligations under this Agreement is interrupted or delayed by any occurrence not occasioned by its own conduct, whether such occurrence be an act of God or the result of war, riot, civil commotion, sovereign conduct, or the act or conduct of any person or persons not a party to this Agreement, then that Party will be excused from such performance for a period of time that is reasonably necessary after such occurrence to remedy the effects of the occurrence. Upon the discovery of such an event, the Party whose performance is affected under this section shall notify the other Party, and the County Project Manager will call a special meeting to propose a program for resolution of the problem, and if necessary, to establish an estimated period of time of suspension or extension of the Project Completion Date. If Consultant makes a written request for an extension of time, the County
Project Manager may grant the extension if the request is properly documented and justified by the circumstances.

SECTION 6
COORDINATION WITH COUNTY

6.1 The Travis County Purchasing Agent (the “Purchasing Agent”) acts as County’s overall agreement administrator. The Purchasing Agent may designate representatives to transmit and receive information. Consultant shall not commence work until the County Project Manager has thoroughly briefed Consultant on the scope of the Project. Consultant shall not commence work on the Project until receipt of a written notice to proceed issued by the Purchasing Agent upon the recommendation of the Director (the “Notice to Proceed”). Consultant shall not commence work on any subsequent phase of the Project, as such phases are described in the Scope of Services, until receipt of a written Notice to Proceed, which will be issued by the Director. The Director will copy the Purchasing Agent on all Notices to Proceed issued for subsequent Project phases.

6.2 At the beginning of each Project phase, and before written authorization to proceed with that phase is issued, Consultant shall submit to the County Project Manager the Project Schedule, as updated and adjusted as required for each phase. In addition, Consultant shall make monthly progress reports with comparisons to the Project Schedule.

6.3 In addition to Consultant’s obligations described in the Scope of Services pertaining to meetings, at intervals not to exceed thirty (30) days, Consultant shall arrange for and attend progress meetings with County representatives and, as applicable, representatives of any other governmental authority having jurisdiction over the Project, to explain and receive feedback on the work-in-progress.

6.4 Consultant shall furnish all available data and reasonable assistance necessary to comply with established application, review, and approval processes for any permits, grants, or planning advances required for the Project. Consultant shall familiarize himself, and comply, with established application, review, and approval processes as necessary to ensure that reasonable compliance will cause no delay to the Project Schedule.

6.5 For the duration of the Agreement term, Consultant shall be responsible for advising County whether in Consultant’s judgment it is feasible to proceed with the Project given any constraints affecting the Project.

6.6 Consultant shall cooperate and coordinate with County’s staff and other consultants and contractors as reasonable and necessary in performance of this Agreement and as required by the Director, the County Project Manager, and the Purchasing Agent.
SECTION 7
WORK PRODUCT

7.1 The term “Work Product” means any reports, drawings, plans, specifications and any other documents created, obtained or assembled in connection with performance of this Agreement and with the services rendered in connection with the Project, including but not limited to any and all deliverables for each phase of the Project as described in the Scope of Services.

7.2 Consultant shall submit the Work Product for each phase of the Project on or before the dates specified in the Project Schedule. Upon receipt of the Work Product, County will check the submission for completion. A “Complete” submission means that all items listed, referenced and otherwise described in this Agreement relating to that phase of the Project have been included.

7.3 If the submission is Complete, County will notify Consultant and County’s Technical Review Process, as defined in this Section, will begin. If the submission is incomplete, County will notify Consultant, who shall perform any professional services that are required to complete the Work Product for that phase. Consultant shall then resubmit the Work Product to County.

7.4 County’s “Technical Review Process” means County’s review of the Complete Work Product for substantial compliance with the technical specifications and requirements included in the Basic Services. If necessary, County will return the Complete Work Product to Consultant, who shall perform any professional services required for such compliance and resubmit the Complete Work Product to County.

7.5 The process described in paragraph 7.3 and 7.4 will be repeated until the Work Product is accepted by County. “Acceptance” means that in the County Project Manager’s opinion, substantial compliance with the technical specifications and requirements has been achieved.

7.6 After Acceptance, Consultant shall perform any required modifications, corrections, redesigns, and additional work as requested by County and any other governmental entities having jurisdiction over the Project and as necessary to receive final approval by the County Project Manager. “Approval” means formal written recognition by County that the Work Product for that phase is Complete and that compliance with the technical specifications and requirements has been fully achieved.

7.7 The County Project Manager will have authority to classify Consultant’s services as “Complete”, “Accepted”, or “Approved” under this Agreement. The Project Manager may make this classification in consultation with the Director. In the event Consultant disagrees with the classification designated by the County Project Manager (and, if applicable, the Director), and those individuals are unable to resolve the disagreement directly, Consultant may refer the dispute to the Purchasing Agent, who will follow the procedures described in Paragraph 11.9.
SECTION 8
REVISION TO WORK PRODUCT

8.1 After Approval by County of the Work Product for each Project phase, Consultant shall, without additional compensation, perform any professional services required as a result of Consultant’s development of the Work Product that County has found to be in error or omission. In addition, if it is necessary to revise the Work Product in order to make the Project constructible, Consultant shall do so without additional compensation. However, after Approval by County, any revisions, additions, or other modifications made at County’s request for the convenience of County that require Consultant to perform extra services and incur additional expenses will entitle Consultant to additional compensation for such extra services and expenses. This compensation will be paid as Additional Services in accordance with Exhibits 1 and 2. Consultant must obtain County’s written authorization for Additional Services in advance in accordance with Exhibit 1.

SECTION 9
DIRECT COSTS

9.1 “Direct Costs” means the total compensation for Basic Services or Additional Services specified in Exhibits 1 and 2, as well as all expenses incurred by Consultant in performing the professional services required. 10.2.3 Upon satisfaction of the above conditions, County will pay Consultant for approved services actually performed under this Agreement prior to termination, less previous payments.

10.2.4 Consultant’s failure to submit the required statement described in paragraph 10.2.1 and to comply with the above stated conditions will constitute a waiver by Consultant of any and all rights or claims to collect the fee to which Consultant may rightfully be entitled for services performed under this Agreement.

10.3 TERMINATION FOR DEFAULT. Either Party may terminate this Agreement for the substantial failure of the other Party to perform any of the material provisions of this Agreement, through no fault of the terminating Party (“Termination for Default”) by delivering written notice of termination (a “Notice of Termination for Default”) to the defaulting Party. 10.4 All references to time in this Agreement will be measured in calendar days unless otherwise specified.

SECTION 11
CONSULTANT’S RESPONSIBILITY AND LIABILITY

In the event such licensed individual’s license expires, is revoked, or is canceled, Consultant shall inform County of such event within five (5) working days.

11.2 Consultant shall be responsible for conformance with applicable federal and state laws, County permitting requirements.

11.3 Acceptance and Approval of the Work Product by County will not release Consultant of any responsibility or liability for the accuracy and competency of Consultant’s designs, working drawings, specifications, or other documents or work performed under this Agreement. Neither Acceptance nor Approval by County will be an assumption of responsibility or liability by County for any defect, error, or omission in the designs, working drawings, specifications, or other documents prepared by Consultant.

11.4 Consultant shall perform all services and responsibilities required of Consultant under this Agreement with the professional skill and care ordinarily provided by competent consultants practicing in Travis County, Texas, and under the same or similar circumstances and professional license and as expeditiously as is prudent considering the ordinary professional skill and care of a competent consultant. 11.9 **AGREEMENT ADMINISTRATION; UNRESOLVED DISPUTES.** The Purchasing Agent acts as the County representative in the administration of this Agreement. In case of an unresolved dispute, any document, notice, or correspondence not issued by or to the Purchasing Agent, or other authorized County person, is void unless otherwise stated in this Agreement. 11.10 The Owner may seek its actual damages, if losses are incurred because of defects, errors and omissions in the design, working drawings, specifications or other documents prepared by the Consultant, to the extent that the financial losses are greater than the Owner would have originally paid had there not been defects, errors and omissions in the documents. The Consultant will be liable for the Owner's financial losses for those non-value added work and compliance costs.

SECTION 12
OWNERSHIP OF DOCUMENTS

12.1 Consultant shall furnish County with Work Product as requested, whether or not it is complete at the end of the Project, or upon suspension or termination of this Agreement, as provided in this Agreement. Consultant may retain copies of the Work Product for Consultant’s records.

13.1 Consultant agrees to maintain appropriate accounting records of costs, expenses, and payrolls of employees working on the Project, together with documentation of evaluations and study results for a period of five years after final payment for completed services and all other pending matters concerning this Agreement have been closed.

13.2 The Contractor further agrees that the County or its duly authorized representatives shall have access to any and all books, documents, papers, reports and records of the Contractor, which the County deems are directly pertinent to the services to be performed under this Agreement for the
purposes of making audits, examinations, excerpts, and transcriptions, and to ascertain compliance with federal and state employment discrimination laws.

Any right or remedy in this Agreement will not preclude the exercise of any other right or remedy under this Agreement or under any law, except as expressly provided in this Agreement, nor will any action taken in the exercise of any right or remedy be deemed a waiver of any other rights or remedies.

14.18 MEDIATION. When mediation is acceptable to both parties in resolving a dispute arising under this Agreement, the parties agree to use a mutually agreed upon mediator, or a person appointed by a court of competent jurisdiction, for mediation as described in Section 154.023 of the Texas Civil Practice and Remedies Code. Unless both parties are satisfied with the result of the mediation, the mediation will not constitute a final and binding resolution of the dispute. Neither party is financially liable to the other for any delays or failures in contract performance caused by federal or state laws or the rules, regulations, or orders of any public body or official purporting to exercise authority or control respecting the operations covered by this Contract, or caused by strikes not against the parties, actions of the elements, or acts of God and delays due to the above causes shall not be considered a breach of this Contract. These delays or failures to perform extend the period of performance for a period of time equal to the subsistence of the impossible conditions. If Force Majeure conditions exist, the party affected by them shall give the other party Notice within five working days after the conditions begin. If timely Notice is impractical due to the Force Majeure conditions, then the party must provide Notice in as timely a manner as practicable. If Notice is not provided timely, the party experiencing Force Majeure waives it as a defense.

14.23 **MONITORING.** County reserves the right to perform periodic on-site monitoring of Consultant’s compliance with the terms of this Agreement and of the adequacy and timeliness of Consultant’s performance under this Agreement. After each monitoring visit, County will provide Consultant with a written report of the monitor’s findings. If the report notes deficiencies in Consultant’s performance under the terms of this Agreement, it will include requirements and deadlines for the correction of those deficiencies by Consultant. Consultant shall take action specified in the monitoring report prior to the deadlines specified.

14.24 **INCORPORATION OF EXHIBITS AND ATTACHMENTS.** All of the exhibits, attachments, and appendices referred to in this Agreement are incorporated by reference as if set forth verbatim in this Agreement.

14.26 **TEXAS PUBLIC INFORMATION ACT.** Notwithstanding any provision in this Agreement to the contrary, disclosure of any information obtained by County or any of its officials, employees, agents or representatives in connection with this Agreement will be subject to the provisions of the Texas Public Information Act and all legal authorities relating to that Act, including but not limited to opinions, decisions and letter rulings issued by the Texas Attorney’s General Office.

Consultant certifies that at the time of submission, Consultant was not on the federal government’s list of suspended, ineligible, or debarred contractors. If Consultant has been placed on the list between the time of submission of its Qualifications Statement and agreement award, Consultant shall notify the Purchasing Agent. If Consultant fails to do so, County may terminate this Agreement for default.

14.28 **AMENDMENT.** The Parties may amend this Agreement only by written instrument signed by both Parties. CONSULTANT EXPRESSLY ACKNOWLEDGES THAT NO OFFICER, AGENT, REPRESENTATIVE OR EMPLOYEE OF TRAVIS COUNTY HAS ANY AUTHORITY, EITHER EXPRESS OR IMPLIED, TO MODIFY OR AMEND THE TERMS OF THIS AGREEMENT UNLESS THE COMMISSIONERS COURT HAS EXPRESSLY GRANTED THAT SPECIFIC AUTHORITY.

2. PRE DESIGN (120 Days)
   A. Project Kick-Off Meeting
      i. HDR and its Consultants meet with FMD, Travis County Sheriff’s Office, Justice and Public Safety, the Planning and Budget office, and other stakeholder agencies, to identify key project representatives from both the client and consultant team, along with, their roles and responsibilities. We will also define lines of communication and provide an overview of the project parameters, including scope of work, project activities, methodology, project schedule milestones, and management plan.
      ii. Deliverables:
          a. Identify Key Steering Committee Participants with Project Oversight. Overall Work plan, Schedule, Participant Contact List, Communications Protocols with internal and external teams of the New Women’s Facility.
          b. Schedule all anticipated meetings so that all participants can plan their availability and participation in order to keep the project on track.

   B. Programming Kick Off/Review Master Planning Assumptions
      i. Consultant to facilitate an interactive planning session with key stakeholders identified by Travis County to identify project priorities, share aspirations and create a collective vision for the project.

3. PROGRAMMING
   The Programming activities will commence with confirming number and the distribution of beds across the minimum, medium, and maximum-security categories and specialized populations. It also offers the opportunity to confirm the type of bed for each population (e.g. single and double beds; multi-occupancy rooms; mini dormitories, etc.) and to start to identify the types of service to be provided within each housing unit and/or at the building or campus scale.

   A. Jail population update
      i. Review and discuss recommended “Housing capacity” in light of recent developments and jail population trends Review Points of departure from adopted master plan, particularly in relation to:
         • Including acute medical/mental health beds (29 + 4, respectively)
         • Including Infirmary beds (TBD)
• Including a community/visitor’s center (TBD)
• Confirm that Intake will remain downtown

ii. Deliverables:
   a. Key findings summary of Programming Kick-Off Workshop, with a focus on key factors impacting bed space, operational philosophy and program demand.
   b. Updated Bed space Capacity disaggregated by security, risk and needs and housing unit distribution.

B. Update Women’s Facility Space Program
   i. The Detailed Architectural Program will identify both quantitative (size of rooms, number of beds, etc.) and qualitative requirements (acoustical performance, access to daylight, security requirements, etc.). Program will conform to applicable TCJS and ACA design guidelines. Tasks include:
      • Develop and disseminate Preliminary Working Program to all user groups and agencies to test planning team’s initial understanding of operational objectives, spaces, and usage data (where appropriate) to guide the onsite meetings & discussions.
      • Collect and review comments on Preliminary Program to consolidate information, identify gaps and prepare for User Meetings.
      • Identify Relevant Precedents from recent best-practices female facilities to review program and design ideas.
   ii. The Space Program will include the following components:
      a. **Operational Narrative** to define the overall operational philosophy as well as the detailed functional and programmatic characteristics for each major component of the facility (e.g. housing, programs, food services, etc.), taking into account operational goals, objectives, and adherence to applicable standards.
      b. **Space Program** listing every functional space in the facility the required Net Square Footage (NSF) to support that function, how many of each function or rooms are required in the facility. For each grouping of spaces or departments, a departmental grossing factor is applied to account for the intra-unit circulation and partitions within each functional area. This multiplier yields the Departmental Gross Square Feet (DGSF) for each department. Then a building grossing factor is applied to account for “unassignable” areas such as circulation spaces, hallways, mechanical and plumbing chases, wall thicknesses, public toilets, janitor closets etc. Applying the grossing factor yields the total Gross Square Feet required for construction.
      c. **Room Data Sheets** are developed for each space type or category that indicate typical furniture layout, finish types (flooring, ceilings, walls etc.), acoustic and lighting needs, special plumbing and HVAC needs and other general requirements used to assist the architects and engineers in designing and pricing the spaces.
d. **Adjacency Diagrams** define the necessary relationships and/or separations required between functions. An overall functional diagram will be developed to illustrate key relationships, immediate adjacencies, close proximities or key separations of overall departments. Departmental Diagrams will illustrate all important relationships within key functional components or departments.

iii. **Programming Meetings:**

a. **User meetings Round 1** – Estimated maximum 8-10 meetings over the course of 2-3 days or remotely if required by travel restrictions.
