The [Austin Area Heritage Council](#), in co-sponsorship with the City of Austin, has organized the [Annual Martin Luther King Community March](#). The January 16, 2023 event is free and open to all.

The march will be preceded by a short program at the MLK statue located on the University of Texas at Austin campus at 9 a.m. where [Dr. Cherise Smith](#) and [Dr. Ted Gordon](#) will offer remarks. The march will reconvene immediately after at the south steps of the Texas State Capitol for a program that will include the Huston-Tillotson choir and comments from [Mayor Kirk Watson](#). Following that, participants will proceed to Huston-Tillotson University, the site of the [MLK Community Festival](#).

Getting To, From and Around the Event

A [map of the march route](#) and [related street impacts](#) is available on the City's [dedicated event page](#). Take note that there are other activities scheduled in this area on January 16 and travel may be impacted.

Event attendees are encouraged to consider using one of the following transportation options: [Ann and Roy Butler hike-and-bike trail](#) (non-motorized vehicles only), [CapMetro](#), [bicycling](#), [dockless devices](#), or carpooling.

Health and Safety at the Event

The [Austin Police Department](#), [Austin Fire Department](#) and [Austin-Travis County EMS](#) are working in partnership to create a safe environment in which everyone can enjoy the march and encourage attendees to:

- Remain vigilant and report suspicious activity to 9-1-1
- Plan for the weather forecast
- Stay with your group and have a pre-planned meeting location in case of separation
- Be mindful of pedestrians, scooter riders, bicyclists and other vulnerable road users when traveling
- Keep your phone fully charged
- Download the [what3words app](#) to pinpoint and share your location

[Austin Public Health](#) recommends limiting close contact to people you know, being fully clothed to avoid skin-to-skin contact with strangers and staying home if you feel sick. Additional guidance can be found [here](#).

Hey Michael...

Happy to hear from you and happy to connect with CM Alter. Wednesday I'm free from 2-5 and Friday I'm free 1-3, but if you need to stretch those windows I can probably accommodate.

I'll likely be at our downtown office at 9th & Trinity, so he's welcome to come there or I can go to his office, as well, since they're close by.

Please also feel free to pass along my personal number to him: 512-673-2825. Looking forward to connecting.

peace,

Hi Ben, could any of the below dates and times for this Austin Water overview meeting for 30 – 60 minutes with Director Roalson and AD Anna Bryan-Borja work for Council Member Alter? This meeting can be either an in-person at City Hall or in Microsoft Teams at the Council Member's preference.

- Monday 1/30 anytime between 8:00am – 2:00pm
- Tuesday 1/31 anytime between 8:00am – 11am or 2:30pm – 3:30pm
- Wednesday 2/1 between 3:30pm – 5pm
- Thursday 2/2 anytime between 11:00am – 2:30pm

If none of these are available, let me know and I'd be happy to look at other options that may work better for your office.

Thank you so much, and have a very good evening!

Hello Awais,
Thank you for providing these available times. If you're still open, tomorrow 1/31 at 3pm would work well for the Council Member. We'll be in the office and you're welcome to join that way, but I will also set up a teams link if you prefer – just let us know.

All the best,

Subject: Request for meeting next week regarding Project Connect anti-displacement funding

Dear Ben and Michael,

I am reaching out to you in my role as the Chair of the Project Connect Community Advisory Committee (CAC) and Chair of the Anti-Displacement Planning Working Group. I wanted to see if you would have some time next week to discuss the CAC's recommendations regarding the new round of Project Connect anti-displacement funds?

The CAC will vote on the working group's recommendations at our February 9th meeting and forward them to Council for action. One of the key roles of the committee is providing these recommendations to Council and I want to make sure that we are inclusive of the D5 priorities in these recommendations.

I am sharing some times below when I am available, please let me know what works best for you to schedule a virtual meeting. Please feel free to include the Council Member and/or other staff members as you see fit.

- Monday, January 30 - before 9:30am and 11am to 1pm
- Tuesday, January 31 - any time before 4pm
- Wednesday, February 1 - any time before 12:30pm
- Thursday, February 2 - before 10am, noon to 3pm, and after 4pm
- Friday, February 3 - any time before 1:30pm.

If none of these times work for you and your colleagues, please let me know and I can work around your schedule. Please feel free to call or text me at 412-298-7063. If you would like to discuss this further. Thank you in advance.

The first project I wanted to touch base on is the Firestone PUD, also known as 311-315 S. Congress. This is a PUD rezoning on the existing firestone site just to the south of the Stateman property. We are requesting a PUD to build a residential project with a maximum height of 400 feet and a 15:1 FAR. We went through the Development Assessment process last year and have submitted the formal PUD for review last week. Steve and I would love to meet in the early stage with your office to get your thoughts and feedback and introduce you to the project team.

The second project I wanted to reach out on is the property located at 1725 Toomey Road. This is a property that went through a very lengthy rezoning last year to rezone to MF-6 to achieve a maximum height of 90 feet as was contemplated in the waterfront overlay. At the end of the day, we ended up with a maximum height of 75 feet as we did not have the votes to get all the way to 90 feet. The site is still moving forward for redevelopment but before continuing to do so we wanted to reach out to your office and have a conversation about potential relooking at zoning with the new V2 regulations, etc. and see if there was any appetite to rezone the property to add the V overlay which would increase the affordability on the site and allow the 90 foot height adding an additional 25 units on the site.

Hi Michael,

Hope you're doing well. I have reached out by phone a few times, so just wanted to follow-up with an email. Kalan and I would be happy to get your office up to speed on the Westgate rezoning case and also provide a broad overview of the City's Historic Preservation efforts. Since the Westgate rezoning item is on the agenda for next week, I hope to get something on the books soon. I just looked at your calendar for Feb. 1, at 2:00 pm (as you mentioned in your below email), but it is showing you as busy. That is not the best time for Kalan and me, but we are happy to move things around to accommodate a meeting with your office.

As it relates to the Equity-Based Preservation Plan, that's housed under the Historic Preservation Office, but Cara is currently lead although she works in the Displacement Prevention Office. She and I would be happy to discuss as well.

Thanks for reaching out and please let me know what works for your office.

Best,

Hello Cara,

We would like to get up to speed on the Westgate case, but also give the Council Member a broad overview of the City's Historic Preservation efforts, including the Equity-Based Preservation Plan, if at all possible.

All the best,
Michael

Hi Michael, thanks for reaching out. Kalan Contreras (cc'd) is the best contact for the Historic Preservation Office and the Westgate case. If CM Alter is interested in the new Equity-Based Preservation Plan under development, I'm managing that initiative and would be happy to share more anytime.

Hello Cara,

I hope this message finds you well. I'd like to set up a time for you to meet with CM Ryan Alter to acquaint him with the historic preservation program and perhaps some details of the Westgate case, in particular. On your calendar, it looks like February 1st at 2pm might be free for both of you. Please confirm that it would be ok to set up a meeting at that time and if you would prefer it to be on teams or in person at City Hall.

Thank you,

Subject: Affordable Housing in South Austin

This message is from Kelly E Weiss. [REDACTED]

Hi Michael:

Community Wheelhouse is working with a number of large developments in the City of Austin.

One of these is Estancia, which is in District 5. We are working with builders to sell the last of the first phase of affordable homes, and we are gearing up for Phase 2.

Is there a time that we can get on your/CM Alter's calendars to talk affordable housing and how Community Wheelhouse is helping developments around town?

Hope all is well and you are having a great New Year.

Best,
Kelly Weiss

Hello,

Thank you for the invitation to meet. The Council Member was hoping to get together with the SFGT to talk generally about how the City is currently going about leveraging its portfolio of land, so with your indulgence, I'll try and find a full 60 minute slot to be able to discuss that along with the Public Facilities Corporation. If the time needs to change for any reason, please don't hesitate to contact me.

All the best,
Michael

Subject: Meeting Request - Strategic Facilities Governance Team

Good Morning Michael, I'd like to schedule 30 minutes with Council Member Alter prior to February 15 to provide a briefing by the SFGT related to three agenda items that will be on the February 23rd agenda. In attendance will be Kim Olivares, Michael Gates, Darrell Alexander, Marek Izydorczyk and myself. The items are for creating a Public Facilities Corporation and funding Town Lake Center renovations and Real Estate advisory services.

Please let me know if you have some availability and I'll coordinate on my end.

Thanks!
Andy

Thanks for your interest. Would this be a zoom interview or in-person? If it's on zoom, the Council Member is available at 9am on Monday to do an interview. If you're looking to do an in-person interview, the afternoon would work better.

Hi Dylan,

I'm reaching out from Council Member Ryan Alter's office in the hopes of introducing myself and flagging for you a notable item on next week's Council agenda – the first authored by the Council Member (see attached).

The resolution directs the City Manager to work with institutions of higher learning (and the City's College Student Commission) to establish a City goal for student housing development. It also directs City staff to explore opportunities for partnerships with those institutions to assist with the development of dormitories or private student housing, with an emphasis on providing affordable access close to campus facilities.

Is there any time on your calendar next week for CM Alter to further discuss the importance of this item, especially in advance of any reporting on it?

Outside of that, I wanted to take the opportunity to introduce myself and provide my contact information (see below). Before joining the Council Member's team, I was a communications staffer for Mayor Adler and Senator Eckhardt. I'm originally from the Galveston area but fell in love with Austin – like so many – as a UT student. If there is every anything I can do for you (as a staffer or just as a proud Longhorn and Austinite), please let me know!

Looking forward to your response,

Jakob

This message is from Dylan McKim. [REDACTED]

Hello,

My name is Dylan McKim and I am a morning reporter with KXAN-NBC here in Austin. I am very new to the city and new to my position at the TV station, and wanted to send an introductory email because chances are I will be reaching out to you about stories and information in the future.

I like to regularly check-in with city and county representatives because you are leaders in the community and have a better sense and understanding of what is happening in the community with your constituents. I feel you, as a leader, are a good resource to talk to when I am reporting and when I am finding my next story that has a great impact on our viewers and our community.

That being said, is there anything happening in our community that is not being well-covered by the media? Is there something we should be looking at or reporting on? Are there people who are not receiving services properly? Are there issues with certain roads? Is there a feel-good story that highlights the strength of our community?

My cell phone and email are down below in my email signature. Please feel free to reach out to me as well if you think we need to address something with our resources.

I look forward to working with you.

Thanks,

Hi Melissa,

Thank you so much for your interest in writing about our resolution!

CM Alter is really happy to have the opportunity to discuss it since – as you undoubtedly know – students are one of the groups most impacted by Austin's affordable housing crisis. I've CC'd Isabel and Michael from our office who will be able to provide information on the Council Member's schedule.

Thank you!

Good Afternoon,

We received this email below from our reporter Michael Adkison who stated CM Ryan Alter was reaching out regarding the item on next weeks council agenda one a resolution that would direct the City manager to work with institutions of higher learning (and the City's College Student Commission) to establish a City goal for student housing development.

We were looking to set something up to preview the item if possible on Sunday or Monday whichever works best. It can be in person or via zoom.

"I'm reaching out from Council Member Ryan Alter's office in the hopes of introducing myself and flagging for you a notable item on next week's Council agenda – the first authored by the Council Member (see attached).

The resolution directs the City Manager to work with institutions of higher learning (and the City's College Student Commission) to establish a City goal for student housing development. It also directs City staff to explore opportunities for partnerships with those institutions to assist with the development of dormitories or private student housing, with an emphasis on providing affordable access close to campus facilities.

Is there any time on your calendar next week for CM Alter to further discuss the importance of this item, especially in advance of any reporting on it?"

Hi Megan, thanks for reaching out! I'm looping in Michael and Isabel from our office who can assist with scheduling an interview.

Outside of that, I wanted to take the opportunity to introduce myself and provide my contact information (see below) as well. Before joining the Council Member's team, I was a communications staffer for Mayor Adler and Senator Eckhardt. I'm originally from the Galveston area but fell in love with Austin – like so many – as a UT student. If there is anything I can do for you as a staffer or just as a proud Longhorn and Austinite, please let me know.

Also, I don't know this for sure, but I think we once had a government class together in the UTC or COLA building! Either way, I look forward to your response and thanks again for your interest in the resolution.

No worries! As of now I should be generally available this week outside of work session tomorrow. I'll be there in person so if it's convenient for Ryan we could connect during a break/after the session wraps up, or if there's a better time for a call either today or Wednesday that'd work just fine as well.

Good afternoon Ben,

Hope all's been well with you through these busy past few weeks. Reaching out as we're looking ahead to next Thursday's meeting and I was interested in potentially covering Ryan's affordable student housing item. The resolution itself is pretty straightforward but if he's interested in providing more input then I wouldn't mind hearing a bit about how this came together, why he's hoping to see action on this topic, and if there are any specific partnerships or land use opportunities he's already aware of/would like to pursue on this front. I also wanted to ask if your office has been working with any college students or organizations you'd recommend speaking with to hear more from their perspectives.

If Ryan would like to share anything on this one I'm open to taking general written comments or finding time for a quick call at his convenience before the vote. Thanks for your time!

Gentleman,

Congrats on your first Council meeting behind you.

I was talking with CM Ellis earlier in the week about Zilker Park and she educated me that a sliver of the park east of Barton Creek is in District 5.

Nothing urgent, but I was hoping to speak to someone in the office about a couple of issues related to this piece of Zilker park. One item is related to the Vision Plan, one is not. Might make sense to try to include your new Parks Board rep on this, but whatever works best for y'all.

Thank you,

David

Hi Michael,

Thank you for your speedy response.

Monday the 27th between 1pm and 3pm works for us. We would like to meet onsite at the Brodie PUD at the Pinthouse Pizza outdoor patio. We think this location would be beneficial to get a perspective on the building plan.

Thanks again and have a great weekend!

Hey Ben,

I'm working on a story about the dueling police oversight props this May, and I was wondering if CM Alter would maybe have some time tomorrow to chat about the two props and [Item 25](#).

Would he have any availability tomorrow? Shouldn't be a belabored conversation – 15 to 20 minutes, ideally. Apologies if there's a better person to email – just figured I'd bug you, as your email popped up in the autofill.

I'm trying to get the story done by Wednesday afternoon, and it'll run Thursday during Morning Edition. Hope you've been well!

Grace is working on an investigative report about affordable housing in Austin (re: previous bonds/strategic housing blueprint/recent \$350m bond).

She reached out about scheduling an interview after next week's Housing and Planning Committee meeting, to talk about how the Council Member thinks Austin can do better, his affordable housing goals, and where the next round of bond money will go.

Michael, can you reply with the Council Member's availability next Tuesday afternoon, for a potential interview?

Subject: RE: IFC Buried Power Lines Draft v1.1

Michael, Ben,

Thanks for having us this week to brief CM Alter on Project Connect. We hope he found it helpful. Attached are the slides we reviewed and [the Oct. 2021 resolution](#) Annick talked about, which provides policy direction to staff on administrative interpretations in support of Project Connect. Please let us know if you have any questions.

Also, I wanted to follow up to **schedule a Light Rail briefing with Dottie, Robert and Greg**, which would be specific to the proposed options that will be presented to the community starting on March 21 (although this date has not yet been publicly advertised). Let me know if any of the remaining time slots work and who I should include from y'all's office on the invite:

- 2/28 3:00-3:30pm
- 2/28 4:00-4:30pm
- 3/1 3:00-3:30pm
- 3/10 9:00-9:30am
- 3/10 1:00-1:30pm
- 3/10 2:00-2:30pm
- 3/10 3:00-3:30pm
- 3/10 4:00-4:30pm

Lastly, I'm providing information below from my PCO colleague Donna Galati re: **the draft IFC**. She's also happy to follow up with you on any of this information.

To utilize existing code, a Resolution could clarify that finances (cost) shall not be considered a factor when determining applicability of 25-2; Subchapter E, 2.2.2.B.3.a:

3. Utilities.

- a. All utility lines shall be underground from the building to the property line. Utility lines within the right-of-way shall be placed underground or relocated to the rear of the site **to the maximum extent practicable**.

This is a section of code that applies to "Core Transit Corridors" and also affects Urban Roadways in 2.2.3.B.3:

3. Utilities. The standards for utility placement along core transit corridors shall also apply to utility placement along urban roadways. See Section 2.2.2.B.3. (See Figures 20 - 22.)

and potentially also to Suburban Roadways (2.2.4.B):

B. **Sidewalks** ...Sidewalks and supplemental zones shall comply with the standards for sidewalks along Urban Roadways in Section 2.2.3. above.

To maximize efficiency, all 3 sections could be included in the "Be It Resolved" clauses. You could also look at the 3 TODs, NBG, and ERC for similar language and reference those also, which would cover the City.

Hello,

I wanted to give you a heads up that we're working on a resolution related to burying power lines in conjunction with both public and private construction. CM Ryan Alter mentioned it in yesterday's Council Worksession and received some supportive comments from Mayor Watson, CM Fuentes and others. We're currently looking to bring it on the 3/23 agenda. Would you mind taking a look at the attached draft and letting us know any thoughts you have regarding the direction? Thanks!

Hello Catie and Kaycie,

CM Ryan Alter will be proposing an item for Council consideration on the 3/23 agenda. We are just now vetting the attached draft with staff, stakeholders and co-sponsors, but wanted to give you a heads up. The draft posting language is below.

Posting Language: Approve a resolution directing the City Manager to prioritize underground power utility infrastructure in new construction projects and to develop a plan for delivering underground power utility infrastructure as a part of the next Austin Energy base rate case and initiating code amendments to implement these changes.

Meredith,

Would you mind letting me know which attorney I should work with? This has elements of Austin Energy, Public Works, Austin Transportation Department and Housing & Planning.

Thanks!

All the best,
Michael McGill

Councilmember Ryan Alter,

AFA would like to meet to discuss the following three issues:

1. The need for additional ladder apparatus and staffing
2. Why the projected lack of funds is halting construction halfway through the project on several EMS and Fire Station remodels.
3. The results of the AFA Fire Station backup generator survey. More details later but less than 10% for the stations performed adequately.

I am open most of the week after Tuesday and next week.

Subject: Meeting Request - Barton Springs Rd. Bridge Project (Community Meeting 3/2/23)

Hello, all—

Kyle from Austin Public Works Department here...I know there is a lot happening now with winter storm response—we are in the thick of it, too, but staying on top of some other items over the coming week as well. Our team reached out previously about this topic and we are now following up to hopefully schedule a meeting with your office(s)...

Background:

On Thursday, March 2 the project team from Public Works and other departments will host a community open house meeting related to the [Barton Springs Rd. Bridge project](#).

Request for you:

- The project team would like to meet with representatives from Council offices representing the area adjacent to the bridge—Districts 5, 8 and 9.
- We would preview the meeting boards and answer any questions you have ahead of the community meeting, which you're of course welcome to attend.
- If possible, we'd like to combine this preview meeting into one meeting with staff from each district—if there is an office that would prefer its own briefing, please let us know.

Below are a few proposed dates. Please let me know if you all have a preference:

- Monday, 2/27 – 9 a.m. @ City Hall
- Tuesday, 2/28 – Morning or Afternoon @ City Hall
- Wednesday, 3/1 – Morning or Afternoon @ City Hall

More Background:

If you'd like to read up on this project beforehand:

- The most recent information was presented during the [11/10 Mobility Committee meeting](#). The presentation from staff is [here](#).
- There was also a [memo to Council on 11/15](#) that included a copy of the report from our consultant (starting on **page 5** of the PDF)

Thanks, yall.

Good morning Jakob,

My name is Dylan McKim and I am a reporter with KXAN. I hope you are doing well.

I am working on a preview story for the council's work session tomorrow and its discussion on the city manager position. The story will air tomorrow morning during KXAN News Today!

I would like to request, if possible, an interview with CM Alter regarding his thinking for the future of that position. What kind of person does he want in that position? Is Jesus Garza fit to be the next permanent city manager? These are the questions we are looking to ask.

Is CM Alter available for an interview, either in-person or over Zoom? If not, can he provide a statement regarding the city manager position leading up to the meeting tomorrow?

Let me know what we can work out.

Thanks!

Hello Michael –

I'm following up on the email I sent last week. We had to move some meetings around and are now available the first or second week of March.

We would truly appreciate some time with the Councilmember and can accommodate his schedule.

I look forward to hearing from you.

Thanks again.

Hello Laura,

Thank you for reaching out and I apologize for the delay in responding. CM Ryan Alter would be interested in learning more about the sobering center and the interlocal model that supports it. It might be easier to talk over the phone to find a time to do a tour – would you mind giving me a call at your convenience and we can find a time that's mutually workable.

Thanks in advance!

Hello CM Alter,

Congratulations and welcome to Austin City Council! I am writing to see if I can get some in person time on your calendar to update and brief you on the City funded Sobering Center. We could meet at your office or I could provide a tour of the center--I would like to share with you the history and the outcomes, as well as the future vision as the interlocal agreement founding the Center will be renegotiated between the City and the County this year. Do you have some availability for this in the next few weeks?

Hi Ryan,

Would love to set up a time to discuss the Zilker Vision Plan with the Zilker Neighborhood Association. We are thinking a small coffee to at a time/ place convenient for you or even a zoom.

Let me know if you are interested in scheduling this. The best time for us is after March 20th. We are flexible regarding morning/ afternoon or evening windows as we know you are busy and have a family to attend to.

Thanks in advance. Would love to get your guidance on our advocacy for the park and also show you what we've been working up.

CM Alter –

A quick follow up on my ACE update... I would love to schedule a meeting including an ACE board member to get you up to speed on the Hotel and its progress during the pandemic. We did these briefings in December 2021 and it was useful to get members up to speed before items might appear on a council agenda. With Convention Center expansion hinging on the ongoing effort with City staff regarding ACE, I think it's important that you have the latest information from your Council-appointed board and that Council's input is informing that work.

Happy to coordinate with your staff or just get on the phone if preferred!

Mayor & Council,

Included below is a regular update as defined in ACE's City Council Communications Policy approved by the ACE board in 2021. You can see the full policy as part of the September 2021 meeting minutes on the ACE website.

Quarterly Financials Posted

ACE posted the 2022 unaudited financials to EMMA and our website on February 13th. As communicated to Council throughout the year, a strong pandemic recovery is reflected in the Hotel's revenue for last year. Both First Tier and Second Tier debt service reserves are fully restored and the Operating reserve is at 66% of its maximum value.

ACE and Hilton Annual Budgets Approved

The ACE board approved 2023 administrative, operating, and capital budgets at its December 2022 meeting. A high-level overview of the 2023 operating and capital budgets is on slides 14-16 in the presentation from the December board meeting. Both Hotel revenue and gross operating profit in 2023 are expected to exceed pre-pandemic 2019 numbers.

Tentative Collective Bargaining Agreement

At the ACE board meeting on January 25th, the Hotel announced that they have reached a tentative labor agreement with UNITE HERE Local 23 after good faith negotiations by the parties. This will make the Hotel the first to organize in Central Texas and only the 2nd statewide. Current staff wages will increase to

Michael,

I've conferred with Gwen & Gary. I think the best bet is to have CM Alter come here to our house, 9203 Chisholm Lane. I will leave our gate open for easy access and Gary & Gwen will meet us here.

Thanks for setting this up, Karen

I've confirmed the time on CM Ryan Alter's calendar. Please let us know what address he should go to. Thanks!

Hi Karen (and Gary and Gwen),

Thanks for reaching out and bringing this issue to our attention, and apologies for the lack of communication on our end.

As I mentioned during our call, we have experienced some technical issues with our phones that should be resolved now. I see that you did leave a message on our main line (512) 978-2105 yesterday. Going forward, that's the best contact line for the office, but you can of course reach out to me directly if that's easier.

I've cc'd our Community Engagement Manager, Isabel Herrera, on this message. She will help us figure out the current status/litigation of the property at **9110 Chisholm Ln., Austin, TX 78748**, and we'll see how we can help.

Additionally, we'd love to find some time for Council Member Alter and myself to meet with y'all. We're happy to host at City Hall, in your neighborhood, or do it remotely. Please let me know if you have a preference and we'll set something up.

Best,

Ben

Ben,

Thank you for getting back to me. I took a minute after we finished chatting to check the two other numbers I've been calling and leaving messages for CM Alter: 512.978.2105 and 512.978.2166. I captured your number from the 311 operator, which I very much appreciated!

The situation here is that we have had someone move into our neighborhood without any regard for the existing neighborhood, which is well-established and small (we are only 33 homes on a narrow dead-end street in far south Austin running north off Slaughter Lane). This man bought a heavily wooded 1.5 acre lot with a small, remodeled existing house on the property and immediately began clearcutting, which horrified the neighbors. By the time we were able to get the City arborist out here, he had removed most of the larger trees and stumps. He then began construction on an 8' solid fence in violation of City code, which only allows a 6' fence without written permission from the neighbors (he never received permission). The City brought a suit against him (Case 8864428), which Adam Lichtenberger and Chase Gomillion have been adjudicating. The man's attorney has misrepresented evidence – initially stating that the neighbors had given permission and then surprising everyone with a follow up request for a postponement because the house was ostensibly purchased in a California corporation's name rather than the resident. After over a year of postponements, last Wednesday the case was heard again and this time the attorney said that the fence was 5' from the property line – an outright fabrication. I have sent Adam and Chase documentation to show them that this is untrue. I will also copy them on this message so that they can be aware of the latest developments.

At the hearing last Wednesday (March 15) we learned that the homeowner has petitioned the City for a variance on a standing conditional overlay, which CM Ann Kitchen helped our group obtain to prevent largescale development in this tiny residential area. Yesterday a neighbor texted me to alert me that the owner at 9110 has posted the property for sale (seems he just wanted to flip the property and never intended to reside here). In the posting it states that a variance has been granted to build up to 12,000 square feet!!! (Listed by Zillow here: [9110 Chisholm Ln, Austin, TX 78748 | MLS #4344237 | Zillow](#))

How is it possible that a variance has been granted and without notification to the immediate neighbors that it was even under consideration? There is a reason that conditional overlay is in effect. This street is 15 feet wide with drain gutters on either side and the only ingress/egress is from Slaughter Lane. We cannot accommodate a huge development – the resulting traffic would cause safety concerns as well as be totally out-of-place in the neighborhood.

We (my neighbors who are adjacent to 9110, Gary and Gwen Stroud and I) would like to meet with CM Alter to discuss what advocacy he can provide for us to keep this man in check. Thank you for any help you can offer. If CM Alter and/or you can meet with just the three of us (me, Gwen, and Gary), that would be a great start to resolving this confusion or determining what the situation requires to be cleared. Our homeowner's group only meets once a year unless there is an emergency, and I will happily alert you to our annual meeting date when it draws near (usually in December) so that we can invite you to join us and introduce you to your constituents on Chisholm Lane.

Thank you, Karen

Subject: Convention Center Redevelopment and Expansion Project- Request to Meet

Dear Councilmember Alter,

First, congratulations on your successful election! We look forward to working with you! I write you today on behalf of Trisha Tatro, Director of the Austin Convention Center, to request a meeting to brief your office on the Austin Convention Center redevelopment and expansion project. You may be aware that the expansion project has been contemplated for the better part of a decade, including numerous studies, a Council-appointed task force charged with evaluating an expansion, and an updated Master Plan with accompanying economic impact report. This careful and thorough review culminated in City Council approval to raise the municipal Hotel Occupancy Tax (HOT) rate in support of an expansion and approval to issue two solicitations to design and construct the new Convention Center. The relevant Council agendas may be found [here](#) and [here](#).

During development of the first solicitation, for architectural and engineering services, it was brought to the City's attention that the temporary closure of the Convention Center for the redevelopment and expansion project could trigger a default clause in the bonds that are currently outstanding at the City-owned Hilton Hotel. The Hotel is managed by Austin Convention Enterprises (ACE), a legally separate entity that owns, operates, and finances the Austin Convention Center Hotel. Debt issued by ACE does not constitute a debt or pledge of the faith and credit of the City. We have worked closely with the ACE Board President and legal counsel for the bondholders and the Hilton Corporation to reach a resolution, which brings us to our meeting request today. We briefed the previous Council on our negotiations with the bondholders, and now that we are in our final stages of the negotiations with Hilton Corporate, we would like to update your office on both.

We would like to set up approximately one hour with you and your staff to go over the redevelopment and expansion project, including briefing you on the status of our negotiations related to the Hilton Hotel **within the next two weeks** as timing is critical for this project. Once we have a resolution to the ACE Hilton Bond Indenture, we can release the first solicitation, for architectural and engineering services.

Should you like more information ahead of our meeting, please visit the Convention Center's redevelopment website here: <https://www.austinconventioncenter.com/expansion-update/>

Thank you, and I look forward to hearing back from your office!

The District 8, 5, and 9 Council offices would like to request a meeting with you and/or your relevant staff members regarding the planning for Barton Springs Road, primarily from Mopac to Lamar.

We are aware of several community conversations and projects being discussed for this stretch, and we'd like to make sure we understand how the work is being coordinated:

- Zilker Park Vision Plan, from Mopac to Barton Creek (PARD lead)
- Barton Springs Road Bridge project, over Barton Creek (PWD lead)
- Vision Zero project, potentially from Stratford or Barton Creek (?) to Lamar (ATD lead)

Could we please arrange some time in the next couple of weeks to meet to go over this? Next Friday 3/31 at 9:30am had been identified as one possibility by our offices.

Thanks so much,
Julie

Hello David,

I hope this message finds you well. CM Ryan Alter is currently working with members of the Travis County Commissioners Court on how the City of Austin may be of assistance with the proposed pilot for a Mental Health Diversion Center. As a part of that due diligence, I also wanted to take the opportunity to connect you with the Council Member. Please let me know if there's a member of your staff that I could coordinate schedules with and I hope to get you both together for a meeting soon.

All the best,

Is your office open to meeting our executive team as well? Either way, Dawn can coordinate.

Hello Daniel,

I am reaching out on behalf of CM Ryan Alter. He's interested in doing meet ups with department directors and understanding what challenges they're facing and what issues they're working on that may not always be apparent to the Council. If there is a person on your team that we could coordinate schedules with, we'd love to get on your calendar at some point in the near future.

Just as a heads up, one topic that the Council Member is sure to ask about is with regards to the challenges the department faces with STR enforcement. Thanks in advance for any information you can provide on this topic.

Good afternoon D5 Team,

I'm reaching out to see if Council Member Alter and your office has some availability in the next few weeks to meet with Luis Briones, Airbnb's regional public policy director.

We'd like to discuss the upcoming [STR Stakeholder Process](#) as well as Airbnb's continued investment in the community.

If that works, please let us know some times that work for your office. Thank you for considering!

Kind regards,

Hayden

Ben,

Good afternoon! It was great running into you at last week's Transit Forward Partner Lunch.

I'm reaching out now to request a meeting on behalf of our client **UFCU**. This particularly regards your office's recent student housing resolution, and more generally wanting to get an understanding of Council Member Alter's housing policy priorities.

Joining the meeting would be myself, A.J., and Chris Turnley, Executive VP – Member Experience, UFCU.

Please let me know if any of the below times and dates work for you and Council Member Alter:

Monday, 4/3: 9AM

Wednesday, 4/5: 11AM

Friday, 4/7: 11am or 2PM

Thank you, Michael.

After discussing with the team to be involved -- it is most ideal that this be initiated between 1:30pm and 3pm tomorrow afternoon (Tuesday). If this is not ideal, please don't hesitate to let me know and I can look for additional times.

Please include me and Liane Conte as well as:

Bryan.Rivera@atptx.org, SPV of Finance, Treasurer Lindsay.Wood@atptx.org, EVP, Engineering & Construction

I'm happy to initiate the meeting if that is preferable. Lindsay and Bryan can come to City Hall as desired.

Kind regards,
Rebecca

If Wednesday isn't good, we currently have all day Tuesday blocked off for work session, but the agenda just came out and a number of briefings look like they were bumped so it may not be a full day. As such, Tuesday afternoon is likely available for us.

Hello, Michael. I am sorry to hear you were at a funeral.

I will check with our team to see if that afternoon works. That is the day of the Chamber Mobility Summit. We do have some folks attending and speaking so I will check quickly and get back with you.

Best,
Rebecca

Can we chat about this soon? Mills reached out to me and am supposed to meet with him next week but there are major concerns about the financial implications to some events. However, per our meeting several weeks ago, this is solving the wrong problem. I met earlier this week with C3, Austin Marathon (Jack Murray and Dan Carroll) and the President of Austin FC...they all share the same concern of how events are actually staffed. I want to be clear, no one is anti-police, however everyone agrees that it's time to reassess how public safety staffing is implemented.

Thanks,

Gents,

Please see below and attached. I assume that a similar note is headed your way, but I wanted to make sure.

I'm not sure of the origin or urgency of approving these substantial fee increases. I'd like to engage City leadership in a dialogue around law enforcement presence at our major events, covering not

just the size and cost of deployments, but whether certain roles (e.g. street closures) are better served by other City departments thereby allowing APD to stay focused on its core public safety mission.

Perhaps we could request a meeting with the ACM Mills? Please let me know what you think.

Thanks,
Emmett

[EXTERNAL]

Hello Emmett,

I have been tasked to reach out to all promoters of large events in regards to the attached proposed APD schedule fee amendment.

On Thursday, April 20, 2023, city council will take up Item 33 to create and increase fees for large events requiring more than 40 APD staff. This will obviously effect ACL 2023. The reason for the fee increase is to ensure sufficient law enforcement personnel for the event, and to avoid cancellation of an event due to the lack of staffing.

Please note this is a directive from Elise Renshaw who is the advisor to the Assistant City Manager-Safety. She is inquiring on feedback we receive upon notification. I know you may have many questions and concerns. I hope to reach you by phone to explain further.

Thanks,

No problem – I'll push it back to 1:00 – we can start whenever Conor arrives, even if that's closer to 1:30. Ryan has to leave by 2:30 so that's the constraint on our end.

I think it might be best to schedule a meet or call so we can run through this. We looked at two different versions, one a little more aggressive than the other. This is our take on what really unlocked productivity given SF-3's impervious cover limitations. The stuff we've included applies to lots of zones, but we included an example of how it modifies SF-3.

If we can get some feedback, we can modify or perfect this. We can also explain why we made certain choices.

We've also floated some changes to AU that we would love to see made. We'd like to explain those as well. We think that given there's probably only a few dozen AU developments on SF-3 land over the last five years, it's reasonable to allow some additional impervious cover because AU will just never be a widespread use in SF zoning, but it will be very valuable to those of us who build 50% affordable housing, avoiding 6-12 months of development time to get a modest rezone from, say, SF-3 to SF-4. It would also be enormously helpful for AU to scale with lot size, as subdivision takes a year and costs ~\$100k, so allowing it to be used on basically double-sized lots with double the units will make a lot of more 12-unit scale projects be feasible.

Once you have the bonus entitlements decided, we can run financial models at different affordability levels to see what pencils.

Sorry this took so long!

Good morning Barbara,

I am working on a story for KXAN and our Nexstar stations across Texas about HB 2127. It's the local government preemption bill passed in the House yesterday which will limit Austin's regulatory authority.

I'm hoping to connect with the mayor or a councilmember who will be able to speak about how this would impact the city's ordinances regarding discrimination, predatory lending, construction rest breaks, etc.

I think the mayor will be able to provide unique perspective on the balance of power between state and local governments given his vast experience on both levels.

Please let me know if we can arrange something today. This story will air this evening in Austin.

Thank you!

Hi there—

I'm wanting to see if we could possibly get a statement, or even an interview if Mayor Watson has the time today, regarding the House approval of HB 2127.

The bill, known as the "Texas Regulatory Consistency Act" would unify local governmental codes to match one another. Supporters of the bill say it ensures consistency from city to city, critics say it gives state authority over local control, while also suppressing local ordinances a city may want to pass.

Wanted to see if Mayor Watson had a statement on the bill's passage. It still needs one more final vote, that will likely come within the next couple of hours, before moving to the Senate.

Thanks!

As you may already know, we are a local non-profit organization that offers educational programs to Austin's youth that teach important life skills and core values through the game of golf. The 9 Core Values Luncheon is one of our annual events where we recognize 10 people from the Austin Community whose life works reflect the First Tee's core values.

Event Details:

- VIP Reception:
 - Wednesday, April 19, at Lions Municipal Golf Course from 4:00pm – 6:00pm
- Luncheon:
 - Thursday, April 20, at the Omni Barton Creek Resort & Spa from 11:30am – 1:30pm

We would be honored to have you join us for the Reception and Luncheon to show you how our programs have impacted the Austin youth. As this is a community event, you will also have the opportunity to interact with a number of community leaders. At the Reception, you will have the chance to meet this year's 9 Core Values Honorees and connect with other prominent community leaders. Good morning, Michael!

Grace with KXAN News here. I had reached out to CM Alter this morning for an interview on changes to elections moving forward. He asked me to coordinate a time with you.

What time works for you all for a Zoom interview? My deadline is 3p CT. It will take no longer than 15 minutes.

Thanks!
