Hello Commissioners Bazan and Backer,

CM Ryan Alter would be very interested in having a meeting with y'all regarding the ZVP prior to the Council's consideration at the end of August. Below are handful of dates and times that would currently work on our end. If none of these work, the Council Member is available the week of July 24th, but I will be away and will just have to get a download from him afterwards.

Hopefully one of these times might work for you both:

- Monday July 10 – all day

- Tuesday July 11 – after 1pm
- Friday July 14 – 9:30-Noon, 1-4:30
- Monday July 31 – all day
- Wednesday Aug 2 – all day
- Friday Aug 4 – all day

All the best,
Michael McGill

Update to feasibility of providing trail connections north of the Colorado River from Pleasant Valley Road to the Colorado River Trailhead -- City Hall Room 2152

Hello,

This meeting is being convened with members of the District 3 and District 5 Council offices, Transportation Public Works, Parks and Recreation Department, and the Trail Conservancy.

It looks like there's no one time that works for everyone according to outlook, but this appeared to have the best availability.

Thanks in advance and we look forward to discussing the topic of feasibility further with those who have expressed an interest in this project.

Zoom interview with Brad Swail re water leakage --

<https://us06web.zoom.us/j/82702134151?pwd=VEhpRWVCRmNWU2pNblBFNUtnN25OQT09>

TPs

- I (or my staff) spoke with Austin Water today and confirmed that leakage and related pipe maintenance is factored into the overall operating budget of the utility, so the cost of water loss isn't directly passed on to customers, but it is part of the regular budget forecasting and planning
 - Austin Water Utility has a capital renewal rate of about 2%... meaning that roughly every pipe in the city gets replaced every 50 years on average. Pipes are prioritized based on age and also what they're made out of, so that as time goes on, we'll be able to install more durable piping that will result in fewer leaks.
- While a certain amount of water loss is unavoidable in a city-wide system, we have to make the necessary adjustments to minimize leakage—especially in a time of record-breaking temperatures, drought, and increased weather volatility
 - The last year or two in particular have included some extreme weather – both heat and cold – that have made maintaining water infrastructure challenging for homeowners as well as the utility.
 - As we move forward, we need to make sure the design and installation of our infrastructure can endure all kinds of weather.
 - We also have a great deal of construction – particularly road rebuilding - going on in the city and it's not uncommon for pipes to be damaged and quickly repaired as a part of this process
- Minimizing water loss is a big part of Austin's Water Forward plan, and the utility is currently working with an outside consultant to optimize tracking and minimize loss. That report is due back in the fall, and I very much look forward to reading it.
- As the article notes, this is a challenge across all water utilities, and while Austin Water is essentially performing at the average, we can and must continue to improve our system, including better leak detection, response, and targeted capital improvements

Happy 4th! We greatly appreciate this opportunity to meet with CM Alter. The timeframe of Thursday, July 13, from 9:30-11:30 would work best for us. We may invite others but would like to go ahead and nail down a time. Would it be possible to meet in person?

From: Kathy Mitchell [REDACTED]
Sent: Friday, July 7, 2023 1:08 PM
To: Ryan Alter ryan.alter@austintexas.com; McGill, Michael
Michael.McGill@austintexas.gov
Subject: Our response to the failure to implement City Code 2-15 mandates

External Email - Exercise Caution

Hey Ryan, Hey Michael,

Hope you are enjoying this tiny break in the heat we're getting today!

In other news, here's our formal response to the city staff's implementation -- or lack thereof -- of Prop A. We met with Neal, Gail and Bruce on Monday. We cced Mayor Watson and CM Garza on the letter. Given everything Council has done already to relaunch an effective OPO (like your work earlier this year on February's resolution) we are disappointed. We would like to meet with you all at your earliest availability.

I was personally astonished to learn that the OPO's work on complaints has now been restricted to only those complaints where someone comes in person and files an affidavit affirming that their statement is true and not perjury. This is a long obsolete practice that is not required by state law, violates 2-15 and will reduce complaints to the trickle they once were. Not because police are better, but because no one will do this. You all are the most well versed in the limited situations where an affidavit will eventually be required in order to interview a subject officer. Most complaints do not fall into that limited category and the affidavit requirement in no way limits other fact-finding.

July 24, 2023 Continued

Monday

We understand that Ms. McCant is new to the role, but we do not believe Ms. McCant is the source of the excessively limited role in which she finds herself. We do hope to discuss options with you both after you've read our formal response.

Warmly.

Good morning Council Member Alter-

This is Mark May, I'm one of your constituents and recently shared some work with PARD Director McNeeley on the CO2 calculations on the Zilker Park Vision Plan.

I was hoping to get together with you for 15-30 minutes and go over the methodology and results with you, so you can advocate to PARD for a real analysis before the 8/31 meeting or, worst case, at the meeting.

The details in my document are not overly complicated, but I believe the public good is best served by someone with your engineering background carrying the flag for quality , accurate work on such an important topic.

I work nearby, so it's easy for me to swing by City Hall. If you'd like to propose a few times to meet, I'm sure I could make one work. Mornings are usually wide open as a general rule.

I appreciate your service to Austin,

Mark

Hello and happy Friday,

I'm reaching out to find another time for the budget sub-quorum to get together. Similar to last time, available windows on the calendar are few, but it looks like Monday July 31st at 1pm is available for all of the elected officials. I'm going to send a calendar entry to hold that time, but please let me know if it doesn't work for any of your offices.

Subject: Budget Sub-Quorum Meeting

Hello Budget Sub-Quorum,

Looking ahead to the next couple of weeks, I'm sure that our calendars will fill quickly in preparation for the July 20th Council Meeting. Before any available windows close, I was hoping to set a time for our group to get together after the Friday July 14th release of the City Manager's Budget and before the first budget session on Wednesday July 19th according to the timeline laid out in the Mayor's helpful message board post:

<https://austincouncilforum.org/viewtopic.php?t=1833>

It looks like **Monday July 17th from 4-5pm** is available on everyone's calendar so I will tentatively send out a calendar invite to hold the time. If that doesn't work for anyone's council member, can you please let us know and we'll try and find an alternative. Thanks.

All the best,
Michael McGill

Hello Susan,

Can you help find a time for CM Ryan Alter to meet with General Manager Kahn. The goal is to have an introductory meeting, but to also follow up on the conversations around the Brodie Oaks substation. This coming week is fairly packed with council meeting and budget commitments, but we have flexibility next week – particularly 7/27 and 7/28 - if there is a time then that works for both.

August 3, 2023 Continued

Thursday

Hi Ben,

I hope this email finds you well. My name is Oriana Lopez, and I am writing to request a meeting with Council Member Ryan Alter. Our purpose is to introduce him to the Office of Resilience's comprehensive resilience planning and explore opportunities for collaboration within District Five.

We are eager to have a short meeting with Council Member Alter to share the progress of our work, discuss potential areas of partnership, and initiate an ongoing conversation about creating a resilient District Five.

Here's a brief overview of our work so far:

The Office of Resilience was established in May 2020 following a Council resolution, and in April 2022, Laura was appointed as the Chief Resilience Officer. Over the course of just a year and a half, our office has collaborated with diverse stakeholders and community leaders to initiate resilience planning. We have gathered valuable insights through data analysis, community input, and analysis of the Austin plan.

In May of this year, we released "[One Austin| Our Resilience Framework for Action](#)," which serves as our guiding document for the greater comprehensive plan. This framework encompasses four key aspirations: Healthy and Prosperous Austinites, Thriving Neighborhoods, Collaborative Leadership, and Vibrant Ecology and Infrastructure. These aspirations form the foundation for our actions, which revolve around three core priorities: addressing climate change, advancing racial equity, and increasing affordability.

Currently, we are actively building upon this framework to develop our comprehensive resilience plan, which is slated for release in June 2024.

We believe that Council Member Alter's insights and involvement in this process will be invaluable in shaping a resilient and thriving District Five. We are committed to fostering meaningful partnerships and engaging with the community to achieve our shared goals.

August 3, 2023 Continued

Thursday

Please assist us in scheduling a meeting at the earliest convenience of Council Member Alter. We are flexible and willing to accommodate his schedule. Any venue or virtual platform suitable for him is acceptable to us.

Thank you for your time and consideration. We look forward to the opportunity to meet with Council Member Ryan Alter and explore the potential for collaboration and a resilient future for District Five.

Sincerely,

Oriana Lopez

Also, I misread my calendar, and hoping we could push to 3:45 or so? I'm also free tomorrow (Thursday) afternoon after 3pm.

Thanks and talk with you soon.

This message is from Crockett Band Parent Association.
[cbpaboosters@gmail.com]

Good afternoon, Mr. Alter,

My name is Bonnie Freymuth and I am reaching out to you in my capacity as a volunteer with the Crockett Band Parent Association - the booster organization that works with the Crockett Early College High School to help support its year-round band program. We have an upcoming event taking place in your district - the Cougar Cleanup, August 12, 2023 - at

which a group of over 70 band kids and 20+ parent volunteers will go out into the community to round up trash from parks and other green spaces. As the heat wave shows no sign of relenting, we are hoping that the city might allow the kids to visit Garrison Municipal Pool (next door to CHS) at the conclusion of the event - to ensure that everyone cools off and stays safe following community service in triple digit heat. I apologize if you are not the correct person to contact about this, but the city's Aquatics Department indicates that they are only permitted to reduce or waive admission fees at the behest of a city council member. If there is any way you can assist the band with reduced or waived admission to the pool, that would be fantastic.

If not, and you are available to drop by our event to talk about the future of Austin with a truly outstanding group of young men and women, we'd love to have you. We will gather at CHS around 11 am to weigh trash collected and celebrate everyone's hard work. Please email or call if you have any questions or would like additional information. Thank you!

Bonnie Freymuth

The Party at the People's House is a celebration of

belonging and the eclectic mix of cultures that make Austin such a weird and wonderful place to live. The event will showcase all local food vendors, musicians, DJs, family activities, community organizations and City departments including:

Grammy Award winning JaRon Marshall + The Collective, Midnight Navy, Angélica Rhae, DJ Just Jim, DJ Ashmar, Agni Dance Company, Austin Sister Cities International, ADL-Austin, Mama Sana Vibrant Woman, and YWCA Greater Austin.

The party will also include a creative cove featuring children's activities and interactive art experiences by Sammi Jordan, Jacob Guzman, and muralist Fabian Rey. A special shout out to the departments who will be joining us:

APD Training and Recruiting, APD Office of Community Liaison, Austin 311, Development Services, Office of Civil Rights,

The Party at the People's house is just one way the We All Belong Campaign is building community grounded in acceptance and inclusion.

The goal is for people to come for the party and leave inspired and empowered to end hate in Austin. The event is also the perfect pre or post parade pit-stop for people attending the Pride festivities downtown on Saturday.

We encourage you all to stop by the event if you can. If you can't make you can check out all the fun LIVE on ATXN on atxn.tv You can rsvp [here](#). Hold for Center for New Liberalism (CNL) Housing Panel -- Scholz Garten (1607 San Jacinto Blvd, Austin, TX 78701)

I'm with the Austin New Liberals, the local chapter of The Center for New Liberalism (CNL). CNL is a 501c(4) affiliated with PPI (the Progressive Policy Institute) and New Democracy, a coalition of center-left organizations devoted to radically pragmatic policy reforms. CNL members are highly passionate about urbanist reforms in their communities, such as increasing the housing supply, building denser neighborhoods, and making investments in public transportation.

On Sunday, August 13th, between 5-8 pm, we'll be hosting a networking and policy event at Scholz Garten, Building a Better Austin, which is sponsored by other local urbanist organizations. We plan on hosting our event between 5 and 8pm. There will be space for local community groups to interact with one another, and a panel discussion. Currently the panel is expected (though not fixed) between 5:30 and 6:30pm.

More information can be found here: <https://www.eventbrite.com/e/building-a-better-austin-tickets-685795251057?aff=oddtcreator>

Sunday

We would be thrilled if the Councilman or a member of his staff (such as someone familiar with the land use code) would come down and speak as a panelist for our event. We think a policymaker's perspective would be insightful in talking about recent Council votes and resolutions designed to change to Austin's land use code and transportation infrastructure. We're currently aiming for this portion to last about an hour (45 min, with 15 minutes for questions from attendees).

We would be happy to review logistics, come up with a list of pre-approved questions for the panel, and any other special accommodations on that date. You can contact me back through our org email address I've provided above, or message me directly at 409-332-1287.

Thank you for your consideration.

Best,

Carl

Good morning everyone!

I have a few updates for y'all. First is, we have a conference room reserved. It'll be E2.020, which is the same conference room we met the advocates in a couple of weeks ago.

I've also added Councilmembers Zo Qadri, Chito Vela, and Ryan Alter to this email since they plan on attending. Rep. Cole invited them and she should've reached out to y'all's bosses about this.

Also, I've had a few of y'all inquire on the advocate letter since it doesn't appear everyone in here have seen the initial draft that was sent to me. Attached to this email is that draft.

Please let me know if there's anything else y'all need, other than that I hope everyone has a great weekend!

Subject: Re: Proposed Meeting with TxDOT and Delegation

Apologies for the late afternoon email, but it looks like next week might be cutting it too close for TxDOT to meet with us. However, the following week (week of the 14th) looks much better for Tucker and Kiefer, so I wanted to see what y'all's bosses' schedules looked like in that regard.

Let me know if you need anything else.

And of course, please let me know what date/times work best for you and your bosses for a potential meeting next week. As of writing, Rep. Cole has availability on Tuesday morning along with Tuesday afternoon beginning at around 1-1:30. And Wednesday-Friday is currently wide open for our office.

Hello everyone!

I hope you all had a restful weekend and a good Monday. This meeting will take place virtually, and Colleen or I will be sharing a calendar invite with you shortly. If that time does not work for your boss, please feel free to let us know.

Additionally, we would like to invite you to join us for the stakeholder briefing meeting that will be held on **Tuesday, August 22nd, from 4:00 pm-5:00 pm at the Development Services Department Building**, as

Ben,

Good talking with you today. You asked about environmental initiatives and I totally forgot - we're putting together a green jobs accelerator program with collaboration from Sustainability, Resilience, EDD, PARD, and ARR. The contract for the program vendor goes to Council Aug 31 and we'll kick off soon after. Should run through the fall and wrap in Jan or Feb.

Happy to talk through it if you or the Council Member would like to know more or have any ideas/inputs we could integrate.

Michael,

Hope your summer is going well despite the heat. First of all I wanted to thank you for setting up our last meeting this past May to discuss the EB-5 partnership with the City. Unfortunately, as you'll recall, Rob's flight was late and he wasn't able to make it in time to meet CM Alter, so I thought it would be worthwhile to propose a follow up meeting with the Council Member ahead of the Housing and Planning Committee meeting on September 6th. Please let me know if this would be of interest to CM Alter and if so, when we could meet. Thanks again and looking forward to our next conversation.

In that role, I'd like to connect him with you to hear the latest on your efforts and specifically about the Health South project. Do you happen to have time available the morning of Wednesday May 31st? Please give me a call if that time doesn't work and we'll try and find a window that does. Thanks!

Dear Paulette,

We are so excited to see you! **End Overdose Austin 2023 is happening on FRIDAY, August 25th, at 5:30pm at the Austin School of Film (2200 Tillery St.).** There is parking on site and overflow street parking

On Friday, our friend Rebecca Sanchez will be setting up an art-based activity in honor of International Overdose Awareness Day and loved ones we've lost to the drug war. We invite you to bring photos of anyone you would like recognized.

We hope to see you Friday, for an inspiring evening with food, drinks, live music, and powerful speakers. **[If you can't be there on Friday, you can still buy a solidarity ticket or donate here.](#)**

Much love,

Subject: You're Invited: Austin Airport Groundbreaking Event Invitation

Good morning Mayor, Mayor Pro Tem, and Council Members,

The Department of Aviation cordially invites you to attend the West Gate Expansion Project groundbreaking at Austin-Bergstrom International Airport (AUS).

DATE: Wednesday, August 30, 2023

TIME: 8:30 – 10:00 a.m.

WHERE: AUS Terminal, Gate 34, west end of the terminal

WHAT: Ceremonial celebration of the start of construction on the West Gate Expansion, which is adding 84,000 square feet over three levels to the existing terminal as part of the [Journey With AUS](#) program.

Mayor Watson and Council Members are invited to attend the event and to be part of group photos. Breakfast refreshments catered by airport concessionaires will be provided. We are expecting 50-60 attendees, and we will also be working around passengers at the gates. Please see the attached invitation for additional details.

Due to space constraints, this invitation is for one person only. For security purposes, we ask that everyone attending RSVP to Elizabeth.Ferrer@flyaustin.com by COB August 23rd. The event is on the secure side of the terminal, so visitor passes will be issued for those who do not have an airport security badge. Parking in the Blue Garage will be validated at the event, so please take the parking ticket with you. In case anything else is needed, including on the day of the event, please contact Elizabeth Ferrer at 281-413-2762.

Looking forward to seeing you there!

CM Alter,

I hope all is well with you. As you know, I am back at the City on a consultant basis to help review and implement possible changes with the Animal Shelter's operations. As such, I know you may have been receiving concerns from your constituents regarding the Shelter, and wanted to see if we can set up a time to meet to discuss any concerns you have that you want me to be made aware of.

Please let me know if you'd like to meet and I can make myself available.

Thank you.

Hi Michael and Ben-

Sorry I missed getting back to you on this. I'm actually headed out of town for a couple of weeks but would love to circle back when I return (hopefully with the cool weather of Colorado in my suitcase). I've copied our CEO, Mike Nellis, who would like to join.

Can you share some dates for mid-August that might work for you?

Many thanks again for being willing to chat!

Not a problem at all. Happy to reschedule, but next week is a little tight at the moment. If the meeting isn't tied to something on next week's agenda, would you mind if we meet the following week – the Council Member has a lot of flexibility on Monday July 24 or Friday July 28th if one of those days works for you and Mike.

Hi Michael,

Friday

In light of the TSC's recent decision re: Austin's STR ordinance, does it make sense to have a follow-up conversation? My objection to Austin's ordinance from the beginning has been that the bundle of real estate rights carries no legal consideration for whether or not the owner occupies the property.

There are still options available to the City to address the primary concern of party houses. If Council is interested in our input, we have been steady partners in the goal of responsible property ownership and would be happy to participate.

With kind regards,

Joel

Subject: Capital cost recovery for gas franchisees - question for CM Ryan Alter's office

Hello Michael,

I thought that I had sent this to you! I apologize for the delay!

I conferred with Clark Cornwell in the Law Department and below is response for your review.

His recommended mechanism would be an Ordinance applying to all electric and gas utilities and NOT amending Franchisees' Rules of Service.

Not included in Clark's email below, the other consideration for the City is that the costs (any utilities legal and consulting fees) of any appeal or

challenge would be passed on to customers.

Thanks and I hope this information is helpful.

Rondella

Technically speaking, the City as the regulatory authority for Austin city limits, may on its own motion: adopt just and reasonable standards, classifications, regulations, or practices a gas utility must follow in furnishing a service. (Tx. Util. Code Sec. 104.252)

Because this would, to my knowledge, be a case of first impression in an area where municipalities have not regulated, the gas company would very likely challenge. The City would engage outside legal counsel to defend its challenged regulatory action. It is clear that if the action is a rate action, it would fall to the Railroad Commission in an appeal. It is unclear where appellate jurisdiction would lie for standards or practices adopted by the City under Sec. 104.252.

Unless it were applied across the board to all gas utilities and any other energy utility (Bluebonnet Electric, Pedernales Electric, and Oncor), there may also be claims for discrimination or violation of targeting gas utilities (Tx. Util. Code sec. 181.903).

The mechanism for adoption would be by Ordinance. Because it should have broad application (not specific to a particular utility and not particular to a type of energy), I would recommend it not be by amending TGS's rules of service.

Also, note for your review that the RRC has rules that touch on the subject in 16 TAC 7.45((8):

September 1, 2023 Continued

Friday

must be made to the regulatory authority listing the name of the applicant, location, and cause for delay. Unless such delays are due to causes which are reasonably beyond the control of the utility, a delay in excess of 90 days may be found to constitute a refusal to serve."

Let me know if you want to discuss further.

Thank you.

Williamson Creek runs through the heart of our neighborhood. The Southwood Neighborhood Association Williamson Creek Adopters, an Adopt-a-Creek Group, will meet at the curb by the Emerald Wood Community Garden/Tom Donovan Nature Trail at Williamson Creek Central Greenbelt at 611 Emerald Wood Drive and walk down to Williamson Creek together. We will be working to help clean up the section of the creek we adopted to honor the legacy and continue the stewardship of Tom Donovan. We usually meet the 2nd Saturday of the month, but due to a scheduling conflict we will meet on the 1st Saturday of September. Please join us. We will have trash bags and pickup tools available to borrow. Please register via the GivePulse website, so we know who to expect and so we can show our neighborhood's involvement in honoring Tom. This work day will focus on trash removal from Williamson Creek. Parking is on-street, so carpooling is recommended if possible. There is Poison ivy in the area, so you may want to wear pants and bring your work gloves. Please wear closed-toe shoes. Hope to see y'all there!

Keep Austin Beautiful posted:

Mark your calendars! To promote safe and fun volunteer activities, we developed Love Where You Live Day, an event that invites individuals and small groups to beautify the areas around their homes and neighborhoods every second Saturday of the month.

Hi Ryan,

A handful of us that live in your district have been involved in the STR industry for over 10 years. We would welcome the opportunity to meet with you and provide some constructive observations regarding the city's regulation procedures for short term rentals. Is there a time we can set up a meeting in your office?

We look forward to hearing from you soon.

Thanks!

Hi Ben,

I hope this message finds you well. My name is Marshall Jackson, and I am reaching out on behalf of Movability, a prominent organization dedicated to promoting sustainable transportation solutions in our city.

We are excited to introduce Lonny Stern as the new Executive Director of Movability and kindly request the opportunity to schedule a meet and greet meeting between Lonny Stern and Ryan Alter. This meeting would provide an excellent platform for discussing potential collaborations, sharing ideas, and exploring ways in which Movability and the city council can work together to further our shared objectives.

We believe that a productive conversation could lead to innovative solutions that benefit our constituents and contribute to the overall well-being of our city.

Please let us know a few upcoming dates and times that work for Ryan Alter. We are flexible and will do our best to accommodate your schedule. You can reach us by replying to this email or calling me directly at the phone number below.

Hello Ben,

I hope this message finds you well. I'm reaching out on behalf of CM Ryan Alter who asked me to try and set up some time with you at your convenience. It's been a busy few months on the Council and now that we're through the budget cycle, he wanted to take a moment to connect and learn what's on your radar for upcoming issues. If interested in meeting, either give me a call or shoot me a few dates and times that work for you. Thanks!

I greatly appreciate your coming out against the Zilker Vision Plan.
